# Contributing Factors

“Buses are classified as heavy vehicles, and research has shown that heavy vehicles are mainly responsible for pavement damage and costs incurred to rectify the damage.”

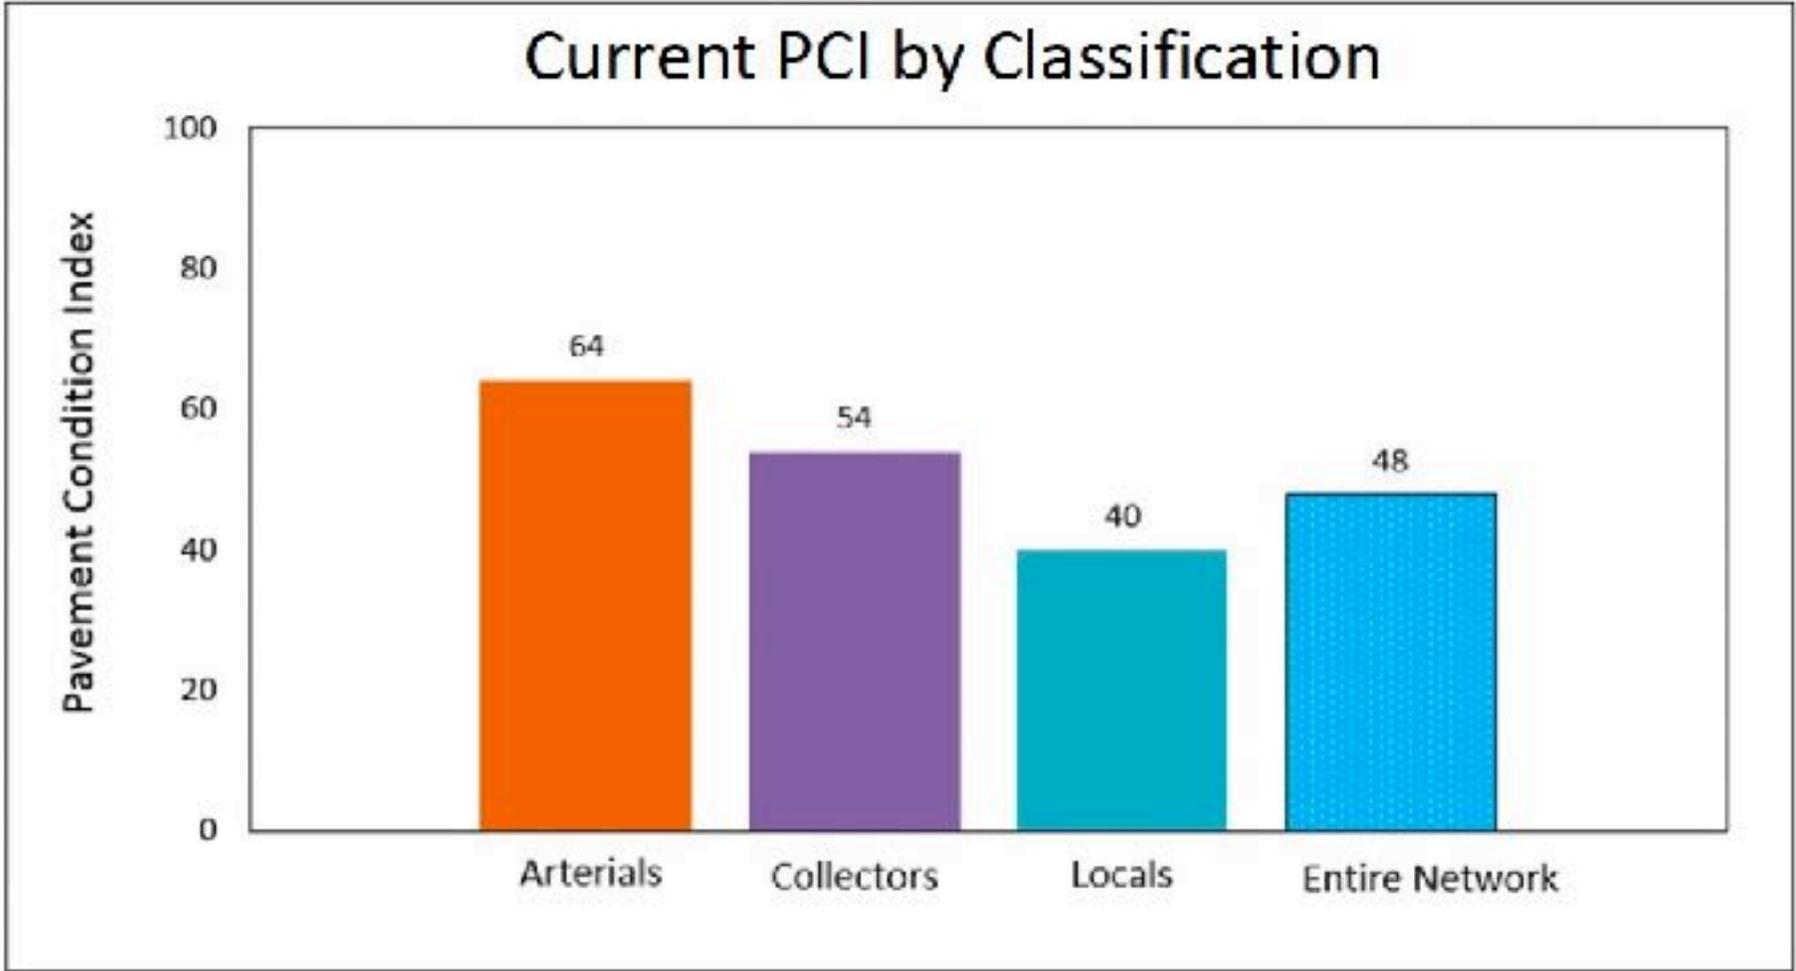

## — Impact of Buses on Highway Infrastructure

# Current Pavement Condition Index

### Current PCI by Classification

Swanton Road  
PCI = 51 (2018)

Paulson Road  
PCI = 17 (2018)

Average Yearly Funding = \$8.06 Million

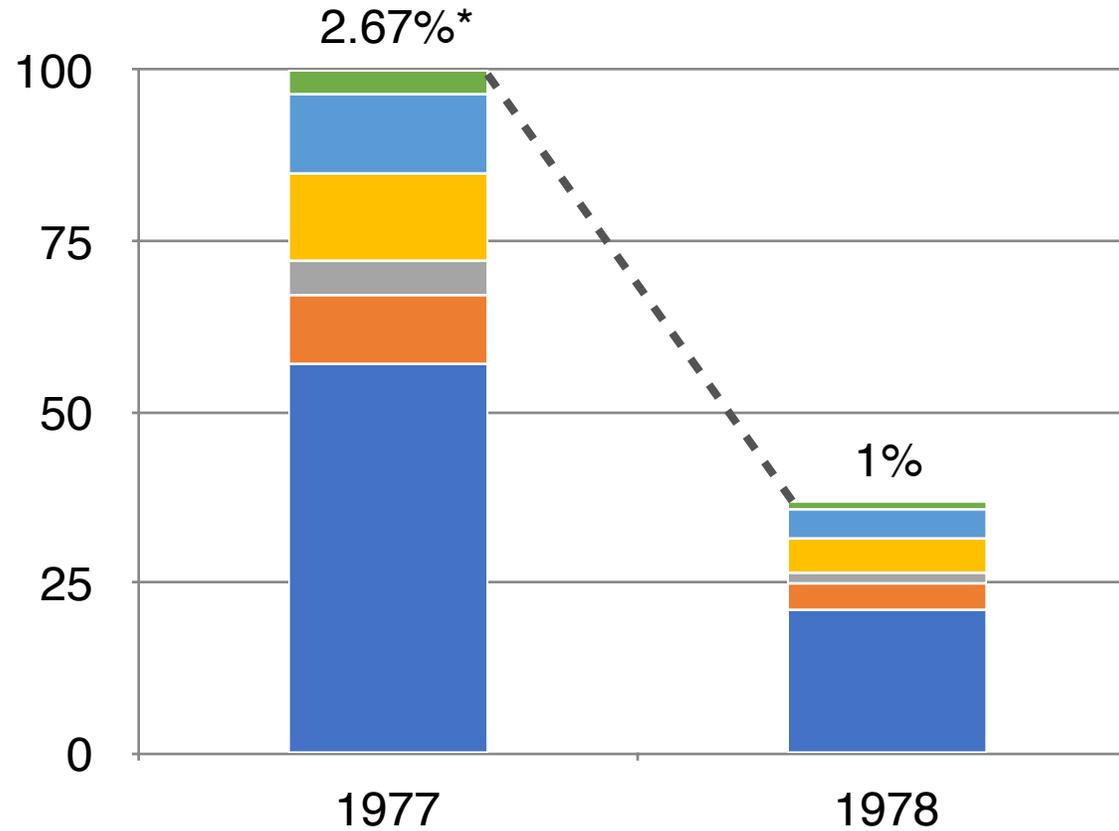

- County has a \$938 million investment in road network
- Overall network PCI = 48
- Forecasted Budget is \$8.06 Million/year average
- Average PCI will deteriorate to 33 in 10 Years under forecasted funding conditions.

## 2. Why We Have This Problem

# Where Do Your Property Taxes Go?

# Prop 13 - “As You Were”

\*Demystifying the California Property Tax Apportionment System, 2006, County of Santa Clara, 2006 p.2

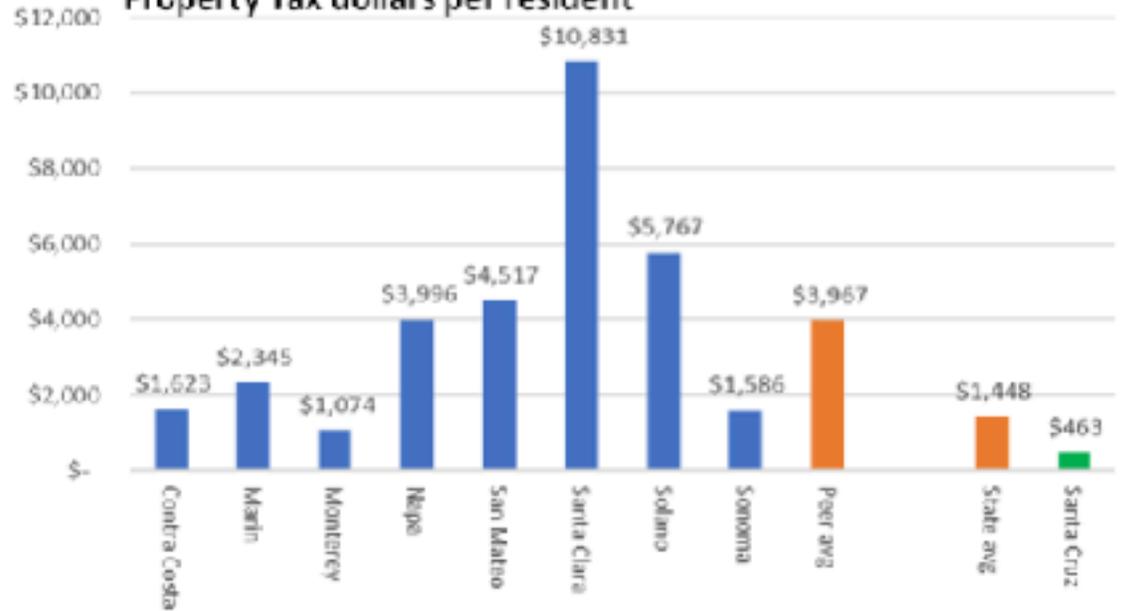

# Prop 13 Set Rates

- Our county gets one of the lowest shares of property taxes, despite having one of the highest shares of population in the unincorporated county.

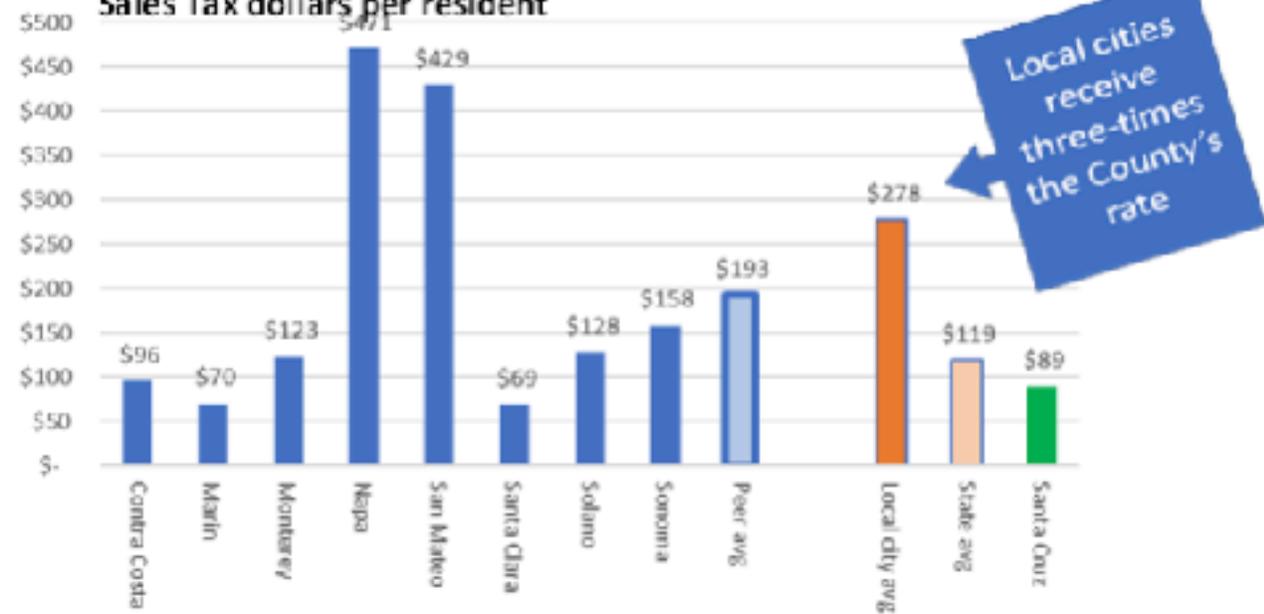

County	% of Value in Unincorporated Area	% of Property Taxes to County
San Francisco	0%	70%
San Luis Obispo	50%	25%
Santa Barbara	46%	20%
Napa	47%	20%
Marin	28%	19%
Monterey	48%	16%
<b>Santa Cruz</b>	<b>58%</b>	<b>13%</b>

# What About Sales Taxes?

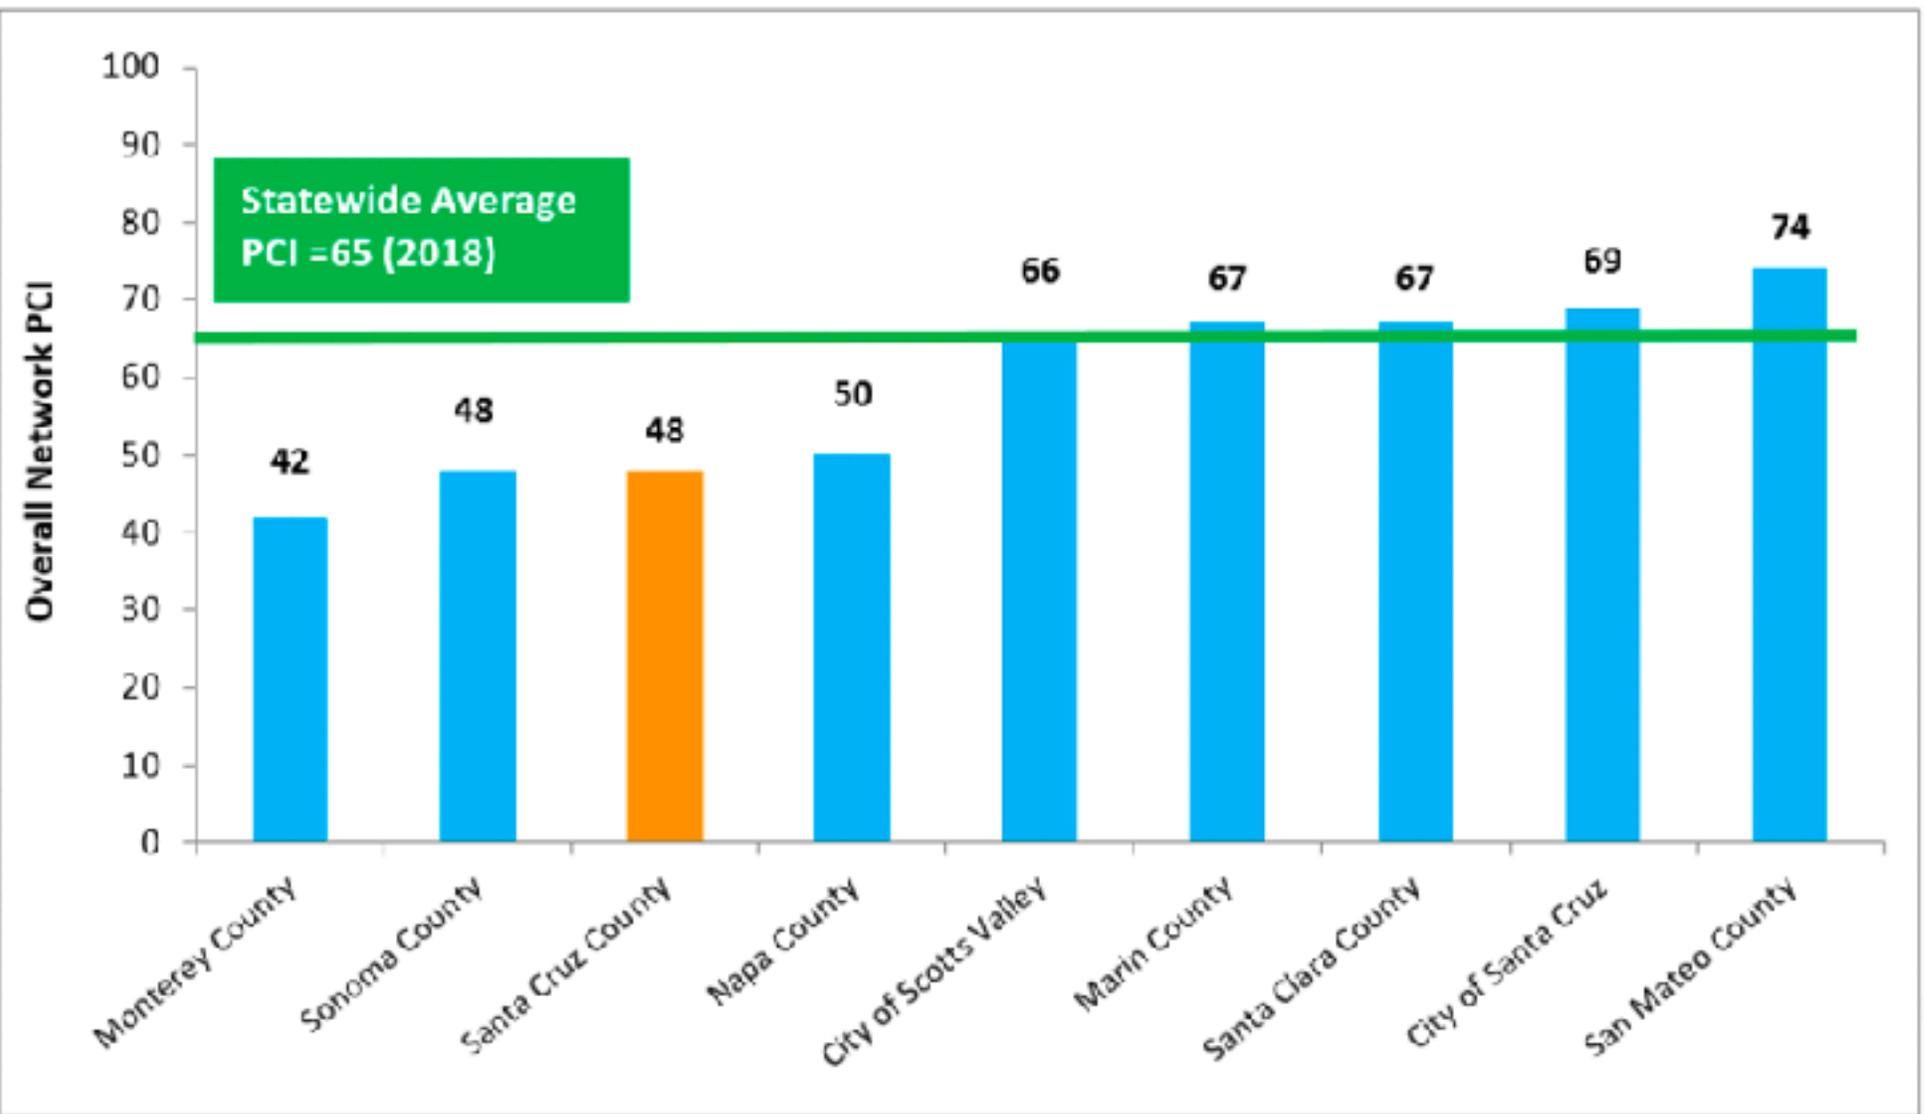

**Chart 4**

# PCIs of Neighboring Jurisdictions

# County General Fund

## FINANCIAL SUMMARY

- **Sheriff** has 11 unfunded deputies
- **Planning** has 6 unfunded positions
- **Parks** has lost 5 positions since 2018

### 3. What We Can Do About It

# Options to Fill the Road Funding Gap

**Additional Annual Road Funding Needed to Maintain Current PCI — \$16M**

## **Potential Funding Measures:**

1. Statewide ballot initiative to Increase County Property Tax Share to 20% — \$23M\*
2. Countywide Increase to CSA 9D Road Maintenance — \$100 per year generates \$4.5M
3. Other Revenue Measures
  - (A) Cuts, what?
  - (B) 1/2 Cent Sales Tax (50% towards roads) — \$4.5M
  - (C) Direct Taxes & Fees
    - i. Transient Occupancy Tax — \$2M
    - ii. Cannabis Cultivation (2x) — \$5M
    - iii. Event Permits — \$2M
4. Dedicated Glen Haven County Service Area (CSA) - \$400 per year — \$58,400
  - Would raise \$1.17M over 20 years exclusively for Glenhaven Rd

\*2008 dollars

# Countywide Increase to CSA 9D Road Maintenance

- County-wide Increase to CSA 9D Road Maintenance
- Ballot similar to recent ballot for CSA 48 - County Fire
- Majority of ballots returned needed to pass
- \$100 per year would enable cape or slurry seal every 12 years on Glen Haven Rd

# Dedicated Glen Haven Rd CSA

- Need a majority of residents on affected road to vote in favor.
- Requires a Local Board
- Some Administration Fees
- Considered a subzone of CSA 9D
- \$400 per year would raise \$1.17M over 20 year. Cost for full chip seal of road estimated at \$1.4M
- More regular maintenance schedule (5-7 years)
- Rate based on:
  - A. Developed/undeveloped
  - B. Frontage
- Would conduct an engineering study and creation of a Capital Improvement Plan

# Public Works, Committed to Service

- This Year: Upper Glenhaven scheduled for maintenance September - October - one week spot patching and pothole filling
- Last year:
  - Ditching - cleaning debris to ensure proper water flow
  - Striping
- Last 5 Years: Storm Damage Repair - 2 repairs to washouts
- Accessibility: Clearing down trees and ensuring passage
