

Santa Cruz County  
Commission on Justice & Gender  
2023-2025 Biennial Report

## **1. History of the Commission**

The County Commission on Justice and Gender (JAG) was born out of the Task Force on Justice and Gender's a two-year effort to identify and better meet the unique needs of justice system-involved women and their families in Santa Cruz County.

In April 2017, Dr. Susan Greene presented to the Board a report supported by the Sheriff's Office entitled, *Gender Matters: A Profile of Women in Santa Cruz County Jail*, based on 31 interviews with women in the Main Jail and Blaine Street. In response, the Board convened a 24-month Advisory Task Force on Justice and Gender. The Board appointed health and justice leaders from county agencies, community-based organizations, and the community at large as representatives to address the needs of justice-involved women and their families. The Task Force met 18 times, made two presentations to the Board by January 2020, and recommended 13 actions that were unanimously approved by the Board to reduce recidivism for justice-involved women and help prevent intergenerational cycles of trauma and incarceration, one of which was to establish a new Commission on Justice and Gender to replace the Domestic Violence Commission. The new commission focuses more broadly on reducing harm to women and girls directly impacted by the criminal legal system and/or gender-based violence and preventing harm to their children.

The Commission centers lived experience and the principle "Nothing about us without us" to ensure reform efforts are successful at reducing harm to individuals and their families. There are several commissioners who either themselves or whose family members have been directly impacted by the criminal legal system. The Commission is committed to representing the diversity of our community and recognizing the intersections of gender, race, culture, class, sexual identity, and sexual orientation (see Attachment A for Commission membership).

## **2. Role of the Commission**

For the benefit of the citizens of the County of Santa Cruz County, the Commission on Justice and Gender is responsible for advising and making recommendations on reducing harm to women, girls, and the families impacted by the justice system and/or gender-based violence. The Commission was established to advise on:

(A) Increasing coordination between agencies, community-based organizations and the courts; identify ways to improve access to family services, healthcare, housing, education, and employment services; and conduct outreach with an equity focus to underserved populations of women and girls impacted by the legal system and/or gender-based violence.

2023-2025 Biennial Report

(B) Promoting effective and accessible education, prevention, and treatment with a gender focus that is responsive to racial and cultural differences, and is based on trauma-informed, evidence-based practices to prevent cycles of violence and incarceration.

(C) Examining issues relating to women and girls directly impacted by the criminal legal system and/or gender-based violence, including trauma, domestic violence, homelessness, sexual abuse, and intergenerational incarceration, and make recommendations for administrative and legislative action to be taken by the Board of Supervisors to reduce harm to these women and their families.

### **3. Commission Structure and Subcommittees**

The JAG Commission is composed of 17 voting members including 5 at-large representatives. Co-chairs serve a two-year term and are elected every other year.

Three subcommittees were formally established in February 2025:

Housing & Healthcare

Families, Youth, & Prevention

Release & Reentry

Each subcommittee planned commission meetings and coordinated guest speakers for one Commission meeting per year.

### **4. Meeting Dates, Time, and Location**

During the reporting period, the Commission on Justice and Gender met quarterly on the third Thursday of the month from Noon – 1:30 p.m. Locations alternated between the Community Room at Simpkins Family Swim Center/Live Oak Library Annex or the Community Room at the Watsonville Civic Plaza.

### **5. Commission Staff**

Dr. Susan Greene (independent contractor) staffed the JAG Task Force and Commission to help guide the implementation of recommendations through June 30, 2025. Nicole Coburn, Sven Stafford, and Gina De Martini-Kuhns of the County Executive Office also helped to staff this commission.

### **6. Attendance**

Please see attached Commission on Justice and Gender 2023-2025 Attendance Report (Attachment C). Approximately 40 people including members of the public regularly attended the JAG Commission meetings.

## 7. Commission Activities and Accomplishments

The Commission's activities build upon the JAG Task Force recommendations and prioritize the pressing issues and needs identified by incarcerated and formerly incarcerated women, survivors of gender-based violence, community members and commissioners.

During the reporting period, Commissioners conducted the following business:

- Held 12 Commission meetings and 34 subcommittee meetings.
- Developed guiding principles for outreach to guest presenters.
- Received, reviewed, and responded to correspondence about issues related to conditions of incarceration for women, available healthcare, visitation with children and families, and impacts of incarceration on families.
- Hosted presentations about resources available to incarcerated parents and their families.
- Provided a platform for women to share their lived experience.

During the reporting period, Commissioners monitored the following issues:

- The number of incarcerated people, including women, in all County facilities.
- The establishment, availability, and frequency of contact visits for incarcerated parents with their families at County facilities.
- The number of incarcerated women with bench warrants and bench warrants with new charges.
- County implementation of the Community Assistance, Recovery and Empowerment (CARE) Act and Medically Assisted Treatment (MAT).
- The psychological impact of solitary confinement.
- The number of safe releases and bed nights provided by Monarch Services' Safe Release Program.
- The number of women enrolled in and graduating from Women's Recovery and Reentry Program, vocational programs, and completing general education or other educational achievements.

*"Having the WRRP program gave me the confidence to stay sober and showed me that if I really try and commit, I can learn and grow. I'm so grateful for all the classes—they helped me work through losing [my children], and made me realize that with resilience, integrity, and growth, I can build a new life. Not the life I had before, but a better one."*

During the reporting period, the Commission also focused on the recommendations from the 2021-22 reporting period are listed in Table 1. Corresponding County work is provided for context. This report is not an evaluation of existing programs and does not constitute endorsement; it is intended to inform the development of new work and updated recommendations.

<b>2022 Recommendation</b>	<b>2025 Status</b>
<p>Open Blaine Street Facility and request that the Sheriff’s Office host family visiting days at Blaine Street and Rountree.</p>	<p>Blaine Street reopened and a new incarcerated population entered custody at Blaine in May 2023.</p> <p>On September 7, 2024, it was reported that contact visits were being offered one Saturday per month. Visits have been offered 16 Saturdays from September 2024 through December 2025. 11 visits were requested, and 7 were held. The Sheriff’s Office reports that the four visits that did not occur were due to visitors not appearing for or arriving late to the visit. Further visit details are listed in Tables 1a-1c.</p> <p>Beginning in April 2025, the Sheriff’s Office dedicated additional staff to support contact visits between parents and their children one Saturday per month at both Blaine Street and the Rehabilitation &amp; Reentry facilities.</p> <p>On August 21, 2025, the commission requested visits be expanded to weekly or four times per month. The commission also recommended expanding contact visits to other friends and family. A lieutenant in attendance told the commission the Corrections management would be notified of the requests. County staff followed up with the Sheriff’s Office and confirmed the lieutenant escalated the question to Sheriff Clark and Undersheriff Ainsworth. At this time the Sheriff reports there are not enough</p>

<p><b>Additional Comments from the Families, Youth &amp; Prevention Subcommittee)</b></p>	
<p>The Families, Youth, &amp; Prevention subcommittee recommends developing a process for reporting on the participation in contact visits, barriers to participation, and education and information provided about visits to incarcerated parents.</p> <p>Neighboring counties have varying visitation options. In preparing this report, the subcommittee directed staff to seek out data reporting for visitation in comparable counties. Findings include:</p> <ul style="list-style-type: none"> <li>• Alameda County Santa Rita Jail: Non-contact visits only, and visits are by appointment only.</li> <li>• Santa Clara County Main Jail: Incarcerated persons (IPs) are allowed two thirty-minute non-contact visits per week.</li> <li>• Santa Clara County Elmwood Complex: IPs are allowed two thirty-minute visits per week. Contact visits at Elmwood are allowed for minimum security IPs and those participating in programming.</li> <li>• Contra Costa County (all facilities): By appointment only and scheduled by incarcerated person(s). No contact is permitted.</li> <li>• San Mateo County Maple Street and Maguire Correctional Center: All IPs at this location will be offered two 45-minute in-person non-contact visits per seven-day period, no more than one per day. These in-person visits are in addition to the two virtual video visits currently offered.</li> <li>• San Mateo County Maguire Correctional Center: Two 45-minute in-person visits per seven-day period, no more than one per day.</li> </ul> <p>Santa Cruz County staff contacted these agencies and requested data on participation in non-contact visits and contact visits where applicable.</p> <p>A Bill of Rights for Incarcerated Parents could be a next step for the county.</p>	
<p><b>Corresponding County Work</b></p>	
<p>The Sheriff’s Office suggests conducting further inquiry to identify barriers to visitation and opportunities for improvement.</p> <p>The Sheriff’s Office can inquire with incarcerated women eligible for visits and when the women consent to the release of their responses, report to the Commission the reasons why a visit may not occur. If visitation requests increase, the Sheriff’s Office can assess whether more frequent family visits are feasible.</p>

The Sheriff’s Office contacted San Benito and Monterey Counties. Both counties confirmed that they do not offer contact visits for incarcerated people, including parents.

*Table 1 break: Tables 1a-1c. Visitation Details during the Reporting Period*

*The data in the tables below show data provided by the Sheriff’s Office on visits during the reporting period. The average population at Blaine Street Facility is 14 women. All women are eligible to participate unless there is a legal reason. To date the assumption has been that all interested women have requested visits. As tracking and reporting become more regular and closely monitored, this assumption may change with new information.*

2022 Recommendation	2025 Status
<p>Provide education and vocational opportunities equitable at Blaine to what men in custody at Rehabilitation and Reentry at Rountree Campus are receiving.</p>	<p>At the Blaine Street Facility, there is psycho-educational programming, including trauma-informed substance use disorder (SUD) and cognitive behavioral therapy (CBT) curricula tailored to justice-involved women. Additional offerings include educational programming and activities, such as crocheting, horticulture, culinary classes, and employment development programs through Cabrillo College. Yoga, mindfulness, poetry, and library services are also offered.</p> <p>The Sheriff’s Office has provided an inventory of In-Custody Programs at all Santa Cruz County facilities (Attachments D and E).</p>
<b>Corresponding County Work</b>	
<p>Launched in 2018, the Women’s Recovery and Reentry Program (WRRP) is a primary program serving incarcerated women at Blaine Street. It was established in response to the high rate of SUD among women in Santa Cruz County, changes under AB 109 that shifted certain individuals from state prison to county jail custody and affected length of stay, and the Board of Supervisors’ directive to address identified needs of incarcerated women. WRRP is a 12-week program designed for women, focusing on factors that influence their substance use, health, and reentry, while reducing substance use and recidivism. (Recidivism data from the Sheriff’s Local Evaluation Plan submitted for funding cycle July 2021 through June 2024 is included in Attachment F. )</p> <p>While in custody, participants receive stabilization support, classes, and weekly case management to develop a Relapse Prevention Plan and an individualized Treatment and Reentry Plan (TRP).</p> <p>Following release, women may receive up to 12 months of wraparound case management from the Volunteer Center’s Friends Outside while pursuing TRP goals. (formerly the Gemma House) and through other treatment programs. Funding is available to help remove barriers to independence, such as fees, education or DUI classes, vocational training, and employment-related costs

19 women have graduated from WRRP while in custody (most women are in custody for less than 40 days) since 2018 and 32 women have graduated while in aftercare.

<b>2022 Recommendation</b>	<b>2025 Status</b>
Consider a new model of staffing that includes a healthcare provider. Opening Blaine Street is the single most critical need for the health and wellbeing of incarcerated women and their families.	In 2025, the County entered a new contract with a new healthcare provider, NaphCare.

**Corresponding County Work**

The Sheriff’s Office is pursuing accreditation through the National Commission on Correctional Health Care (NCCHC). NCCHC sets standards for jails and prisons that are higher than the minimum requirements of Title 15 of the California Code of Regulations. To apply, policies and procedures must be in place for at least one year.

NaphCare’s policies adhere to NCCHC standards, and the jail is expected to achieve accreditation sometime in 2026. Once the application is submitted, it typically takes 6–8 months for NCCHC to conduct the inspection and audit.

NaphCare has a team dedicated to the accreditation project. The application is expected around April 2026.

<b>2022 Recommendation</b>	<b>2025 Status</b>
As <i>Medi-Cal for justice involved</i> individuals (Cal-AIM) is being implemented, ensure eligible individuals are enrolled in Medi-Cal pre- release and expand capacity of community support such as housing.	Estimated number of applications completed while in custody based on the average daily population (5-10% of the incarcerated population is women): <ul style="list-style-type: none"> <li>• 2023: 76 (estimated 5 women)</li> <li>• 2024: 293 (estimated 19 women)</li> <li>• 2025: 134 as of 07/31 (estimated 9 women)</li> </ul>

**Corresponding County Work**

In-custody Medi-Cal applications are handled by the Cal-AIM Program Coordinators. Program Coordinators are available from 7:30 AM to 6:00 PM, 7 days per week. The Sheriff’s Office plans to track Medi-Cal applications submitted by incarcerated women. The current data is not disaggregated by gender.

Those who did not apply for or enroll in Medi-Cal are often released before enrollment can occur (i.e., less than 24 hours vs. in- custody for several days). The reasons for not enrolling are documented when possible. In 2024, 541 people wanted to apply and 172 could not complete an application. 72% of the 172 who could not complete

Santa Cruz County  
Commission on Justice & Gender  
2023-2025 Biennial Report

the application were booked and released when program coordinators were not available. Staff could not meet with the remaining 28%, likely due to a short time spent in custody. 19 out of the 541 interested parties (4%) later declined to complete the application.

The Sheriff’s Office can report on the number of people offered Medi-Cal at the time of intake, the number of people who already have Medi-Cal at the time of intake, and the number of people who do not have Medi-Cal at the time of intake.

On October 31, 2025, the County closed the request for proposal (RFP) for Cal-AIM Justice-Involved Pre-release Medi-Cal Application Outreach. At the time this report was drafted, proposals were being evaluated.

2022 Recommendation	2025 Status
<p>Require that any medical provider in custody provide 2 weeks’ medication upon release to individuals who have been receiving prescription medicine in custody and may not have access to continue taking their medicine post-release.</p>	<p>In August 2024, it was reported to the Release &amp; Reentry Subcommittee that the discharge support would include discharging with medication.</p> <p>Incarcerated people are released with 30 days of medication – MAT or other prescription medication.</p>
<p><b>Corresponding County Work</b></p>	
<p>This practice will be a CalAIM requirement in October 2026.</p> <p>As of January 12, 2026, 99 incarcerated people are on MAT including five women at Blaine Street and six at Main Jail for a total of 11 women. These individuals are either continuing from an outside program or have been inducted after completing a medically supervised detoxification. Approximately one-third of population is on MAT, including 30-day injectables.</p> <p>Countywide data-sharing project (BRIDGE) is underway. In October, the County published a Request for Proposals (RFP) to support automated billing and claims processing. Submittals are due November 24, 2025, and the Board is expected to approve the contract in April 2026. The system is expected to go live in June 2026.</p>	
<p><b>Challenges &amp; Risks Related to this Recommendation and Corresponding Work</b></p>	
<p>The Sheriff’s discharging staff do not always know when individuals will be released. Staff need to know 5-7 days prior to release. At a minimum, staff attempt to get information about individuals’ preferred pharmacy. It can be difficult to get information from an individual during intake. The current lack of data-sharing infrastructure makes it difficult to get pharmacies and prescription information easily.</p>

 Commission on Justice & Gender  
 2023-2025 Biennial Report

<b>2022 Recommendation</b>	<b>2022 Status</b>
Request that the Sheriff’s Office research and consider implementing emerging practices across the nation for reducing the use of solitary confinement to jail cells.	<p>The May 2025 meeting included a presentation on the psychological impact of solitary confinement, as well as written submissions from women with lived experience in solitary confinement. Sheriff staff provided some comments on Santa Cruz County’s practices.</p> <p>The Sheriff’s Office has interventions in place to minimize Administrative Separation (formerly solitary confinement).</p>

**Corresponding County Work**

Segregation and solitary confinement were removed from Title 15 of California Code of Regulations and have been replaced with “Administrative Separation.” Title 15 establishes minimum standards for local detention facilities.

The Sheriff’s Office can present to the Commission on the process to ensure incarcerated people are in the least restrictive environment possible. A high level summary of these interventions include regular review by Sheriff staff of the status, progress, and next steps to bring the individuals in administrative separation into a less restrictive environment. Multi-disciplinary staff conduct three rounds per week to review health, mental health, and other criteria. Every morning, mental health and medical health report on the people placed in separation the night before.

<b>2022 Recommendation</b>	<b>2025 Status</b>
Increase access to individual and/or group therapy as requested by women in custody.	<p>Psychiatric mental health is provided by NaphCare and significant psycho-educational group support is available through In-Custody Programs.</p> <p>The Return Project provides therapy and mental health services for AB109 eligible probation clients while incarcerated and in the community.</p>

**Corresponding County Work**

Psycho-educational programming, also known as psychological education or behavioral education, is provided in place of traditional therapy. This substitution reflects the short average time women are in custody (approximately 35 days). Programming is structured using a trauma-informed framework and focuses on skill development, stabilization, and present-focused strategies. Content includes mental health education, coping skills, and behavioral strategies related to navigating daily

life while in custody, and to release planning. Community-based organizations provide services to facilitate referral to community resources following re-entry.

<b>2022 Recommendation</b>	<b>2025 Status</b>
<p>Develop permanent supportive housing specifically for women, including women with children to reduce cycles of homelessness and incarceration.</p>	<p>2026 will see the opening of the following affordable housing locations (about 322 units):</p> <ul style="list-style-type: none"> <li>• Harvey West Studios (bathroom and kitchen), with 120 units.</li> <li>• Pacific Station North, a 125-unit building with different sized units from studios to three-room apartments.</li> <li>• Park Haven Plaza will have 36 units, including units for youth exiting foster, care, families and veterans.</li> <li>• Veterans' Village will have 20 units and one manager unit.</li> <li>• There will also be a 21-unit transitional age youth (18-25 years old) transitional housing project opening early in 2026.</li> </ul> <p>Prioritized populations include families with children who have experienced homelessness, Veterans, and youth exiting foster care.</p> <p>In 2024, the fourth cohort for Proposition 47 funding was awarded to Santa Cruz County's Health Services Agency. Titled RENEWPath (Reentry, Engagement, New beginnings, Empowerment, Wellness), the program will provide transitional supportive housing (following the recovery residence model) and care coordination for both men and women. The program will launch in December 2025.</p>
<b>Corresponding County Work</b>	
<p>Human Services, Housing for Health Division reports that Medi-Cal recipients with serious behavioral health conditions experiencing or at-risk of homelessness may be eligible for a transitional rent benefit beginning in January 2026. The benefit is only</p>	

Santa Cruz County  
Commission on Justice & Gender  
2023-2025 Biennial Report

available to those in the eligible population that will have a stable living situation at the end of the maximum six-month rent period. The County is in negotiations with Kaiser and the Central California Alliance for Health to manage this benefit.

RENEWPath, managed by Health Services, Behavioral Health, will connect incarcerated individuals to temporary supportive housing and enhanced care management (ECM). County Substance Use Disorder (SUD) team conducts the in-custody American Society of Addiction Medicine (ASAM) assessment and will connect individuals to RENEWPath. JANUS provides a connector team, which is the same connector team that works with the CAFES program through the Probation Department. Materials will also be sent to people in custody, who will be able to self-refer.

**Challenges & Risks Related to this Recommendation and Corresponding Work**

Housing cannot be restricted according to gender because of state and federal laws against discrimination.

The federal administration could be cutting Housing & Urban Development (HUD) programs. 250 homeless households and 550 people around Santa Cruz County could lose emergency housing vouchers (EHVs) by December 2026. This population will be prioritized for any new turnover units or vouchers that become available. As a result, very few new households will have an opportunity to secure Housing Authority subsidized housing opportunities.

Santa Cruz receives approximately \$7.7 million per year in Continuum of Care (CoC) for permanent housing and other services to address homelessness. \$6.8 million supports permanent housing programs. This funding could be reduced to 30% or \$2.04 million and the program would need to be reviewed accordingly.

2022 Recommendation	2025 Status
<p>Encourage the Sheriff’s Office to establish an outside reporting mechanism, separate from Monarch Services, for Prison Rape Elimination Act (PREA) related concerns. According to a report by Just Detention International, “The outside entity is not tasked with providing emotional support or crisis intervention...” Monarch Services provides emotional support an crisis intervention in the Santa Cruz County jail, an outside reporting mechanism is different. “It is important not to conflate the roles of a reporting line and a counseling support” (Five Years of</p>	<p>The Office of the Inspector General (OIG) was established in 2023. <p><b>Additional Comments from the Families, Youth, &amp; Prevention subcommittee</b></p>	
<p>Commission concerns include reporting mechanisms, including reporting to the Sheriff’s Office and utilizing Monarch as the reporting entity.</p> <p>The Sheriff’s Office currently holds a contract with Monarch Services to receive PREA reports via tablets issued to incarcerated people. Incarcerated people can also request PREA support and advocacy from Monarch Services. The Commission has recommended separate providers for the counseling and reporting services.</p>	
<p><b>Other Information on PREA Reporting:</b></p>	
<p>The OIG is conducting a review of all PREA complaints filed in 2025 for their 2026 annual report. The OIG can also present to the commission on their function and findings.</p> <p>VIA LINK is a specialized third-party vendor that markets external PREA hotline services to Sheriffs and correctional facilities. The Rape, Abuse &amp; Incest National Network (RAINN) offers a service to build a confidential reporting platform or hotline, although their services are more support-oriented than reporting-oriented.</p>	

The Commission’s other accomplishments include:

- Continued to raise money annually to put on the books of incarcerated women for holiday and Mother’s Day cards.
- Women with lived experience were compensated for their expert contributions to commission and subcommittee meetings.
- Continued to distribute Safe Release Cards: In response to the JAG recommendation to reduce risk of sexual assault upon release from jail, a system was developed with partners including Monarch Services, jail staff, and the District Attorney’s office to offer women a safe place to go upon release from jail. Each woman in custody in Santa Cruz County now receives a 2-sided Safe Release Card in English and Spanish from jail staff before they are released from custody. These cards include the crisis and support phone number for Monarch Services as well as information about their available services. The District Attorney’s office helps reprint and distribute cards, the jail staff helps implement and communicate this available resource, and Monarch Services provides

someone to escort released women to a motel and offers additional services that help meet individual needs.

**8. Commission Subcommittees**

Commissioners initially chose to establish subcommittees among appointed commissioners. After the first year, each committee decided to invite members of the public who attend Commission meetings, who work for entities providing services directly to population the Commission aims to serve, and who are interested in participating in subcommittees to join the meetings. The rosters for the three subcommittees formally established in 2025 are included in Attachment B.

During the reporting period, the subcommittees engaged in the following actions:

- Planned Commission meetings and topics, including the importance of contact visits with family members, the effects of solitary confinement, and Cal-AIM.

Santa Cruz County  
Commission on Justice & Gender  
2023-2025 Biennial Report

- Notified members of services and support through programs such as Rising Scholars (Cabrillo College) available to residents at Rountree and began providing services to women at Blaine Street; reported on the number of women at Blaine Street and the Main Jail, and the total population of men at Rountree
- Reported on how many women are participating in WRRP.
- Monitored access to contact visits and how often they occurred.
- Monitored relevant legislation, such as Propositions 36 and 47, funding sources, such as opioid settlement funding distribution, and related programs such as CAFES.
- Studied impacts of limited supportive housing available for women released from incarceration.
- Discussed the impact on a child who witnesses the arrest of a parent.

Challenges facing Santa Cruz County include:

- Absence of infrastructure for consolidated, confidential, and effective data-sharing between County agencies serving the same people with Medi-Cal/Cal-AIM, though a database project is in process.
- Splintering between similar community-based organizations with the same mission leads to competition for funds and increased administrative inefficiency, minimizing impact.
- No regional support hub providing administrative support for Cal-AIM billing for nonprofits that are signing people up for Cal-AIM. Non-profits are not supported in navigating highly technical processes.
- Not enough sober beds for women in Encompass program, and with funding impacts, it is uncertain if the existing beds can be sustained.
- Housing is the biggest issue when people are released.
- The cost of living in Santa Cruz County is a barrier for recruiting and retaining staff that can provide supportive services for community partners.
- Decreased funding from the federal and/or state government in the coming years.

**9. Future Goals and Recommendations:**

- Work with the Board of Supervisors to identify how the Board can further support the commission's work and recommendations.
- Work with the Board of Supervisors to address challenges presented by funding impacts.
- Request a presentation from the Sheriff's Office on current reporting and tracking functions for participation in contact visits, including but not limited to, what

Santa Cruz County  
Commission on Justice & Gender  
2023-2025 Biennial Report

information is shared with the incarcerated population, when it is shared, and how frequently information is made available.

- Develop a process for reporting contact visit data and in accordance with best practices, hire an outside entity to survey and report on contact visit barriers and areas of improvement.
- Hire a neutral third party to survey women across all sectors of the justice system to identify what has helped, what hasn't helped, and what the Commission should work on in the next reporting period.
- Examine how every organization and agency with which justice-involved women come into contact can provide housing or shelter connection or support and develop recommendations to standardize providing this service.
- Request the Sheriff-Coroner report on the interventions to minimize the use of Administrative Separation, or solitary confinement. Solitary confinement, whether someone is there for voluntarily for safety concerns or as disciplinary action, is psychologically harmful to incarcerated women. Shared lived experience includes a lack of privacy for toileting, limited access to showers and hygiene, only one hour a day outside of their cell, and trauma from sustained isolation.

The commission is developing a workplan for next reporting period. Recommendations made above may be repeated or expanded upon in the workplan.

This report was prepared by County staff and approved by the Commission on Justice and Gender on February 12, 2026.

Respectfully Submitted,

# Santa Cruz County Sheriff's Office Corrections Bureau In-Custody Programs Inventory

The Santa Cruz County Sheriff's Office offers programming for incarcerated persons (IPs) across our four facilities:

- **Main Jail:** Maximum security for men and women.
- **Rountree:** Medium security for men.
- **Blaine Street:** Medium security program facility for women.
- **Rehabilitation and Reentry Facility:** Medium/minimum security program facility for men.

## Types of Programs

Classes are organized into three categories: **Programs**, **Activities**, and **Services** with specific curricula outlined for each.

- **Programs:** Skills-based curriculum, including cognitive behavioral treatment, education, employment development, life skills, mental health, parenting, and substance use disorder support.
- **Activities:** Enrichment options like arts, mindfulness, recreation, and yoga.
- **Services:** Community resources such as benefits enrollment, health services, legal aid, 12-step programs, library services, re-entry planning, spiritual support, veteran services, and voting resources.

## Program Overview

**Total Offerings:** There are currently 50 programs, services, and activities across all facilities, categorized as:

**24 Programs, 6 Activities, 20 Services**

- **Class Frequency:** Approximately 75 classes are offered across the facilities, with most scheduled on a weekly basis. Some classes are offered monthly or quarterly, with many programs available in multiple facilities and offered in both English and Spanish.
- **Service Providers:** Over 35 providers, including community-based organizations, educational institutions, and religious groups, support these offerings across the four facilities. Around 150 volunteers and program staff deliver these services annually.
- **Community Integration:** Many in-custody programs are also accessible to IPs in the community post release, ensuring continuity of care.

## Oversight and Coordination

The **In-Custody Programs** unit within the Division of Reentry (DOR) oversees all programming, services, and activities in the Corrections Bureau. DOR staff, including Correctional Officers and Program Coordinators, assess IPs' needs, match them with appropriate programming, and facilitate transfers to less restrictive settings as needed. The team manages the scheduling, support, facilitation, and evaluation of these offerings across all facilities.

This group addresses underlying thinking and feelings that contribute to substance abuse and increases awareness of the patterns of thoughts, feelings, and behaviors that have led to addiction and relapse in the past. Participants prepare for treatment post release by building motivation for lifestyle changes. Each week the course introduces practical tools for women to learn to: Build coping skills so that the future is better than the past; Keep themselves safe and find support; Set their own goals and plan to achieve them at their own pace; Choose compassion over self-blame and shame and move towards their best self- the person they want to be.</p>
<p><b>SUBSTANCE USE DISORDER (SUD)</b>  <b>SUD GROUP</b>  <b>SEEKING SAFETY</b></p>	<p><b>Provider: Encompass Community Services &amp; Volunteer Center – Friends Outside</b>  <b>Facility: All facilities</b>  <b>Post release services available</b>  <b>Funding: AB 109 &amp; BSCC, RSAT Grant</b></p> <p>Seeking Safety (SS) is an evidence-based cognitive-behavioral curriculum for post-traumatic disorder (PTSD) and/or substance use disorder (SUD). The SS curriculum includes 25 topics focused on present-focused coping skills and topics focus on five principles: (1) safety as the overarching goal (relations, thinking, behavior, and emotions), (2) integrated treatment if a person has both PTSD and SUD, (3) focus on ideals to counter loss of ideals—strengths based, (4) four content areas: cognitive, behavioral, interpersonal, case management, and (5) attention to clinician processes and responses. Groups will include evidence-based grounding exercises, check-ins, educational elements, dialogue, and commitments for the following week.</p>

<p><b>WOMEN'S REHABILITATION &amp; REENTRY PROGRAM (WRRP)</b></p>	<p><b>Provider: SCCSO, Friends Outside, New Life Gemma House and Janus of Santa Cruz</b>  <b>Facilities: Blaine Street</b>  <b>Post release services available</b>  <b>Funding: BSCC, RSAT Grant</b></p> <p>Women at Blaine Street have an opportunity to participate in the gender specific WRRP which includes both in-custody and aftercare support. The in-custody portion of the program focuses on stabilization. Participants attend core curriculum classes: HeartMath, substance use treatment, healing trauma and dialectical behavioral therapy, a peer support process group, as well as other classes they choose. In addition, they receive weekly comprehensive case management to create a Relapse Prevention Plan and an individualized Treatment and Reentry Plan (TRP) to manage issues that arise while incarcerated and prepare for release to community. Post release women have two options. They can transition to the New Life/Gemma House where they live in a sober, safe, stable, and supportive environment for 12 to 18 months to establish a solid foundation for themselves prior to living on their own. Or, if residential SUD treatment or other housing options are required, women can receive 12 months of wrap around case management support with Friends Outside while completing programs and progressing on their TRP goals. This program is designed to serve women, where they are at, with what they need to improve safety, functioning and quality of life.</p>
<p><b>ACTIVITIES</b></p>	
<p><b>A WINDOW BETWEEN WORLDS</b></p>	<p><b>Provider: Walnut Avenue Family and Women's Center</b>  <b>Facilities: Blaine</b>  <b>Post release services available</b>  <b>Funding: BSCC- RSAT Grant</b></p> <p>A transformative healing arts program for trauma survivors of all ages. The hands-on creation of art has been shown to reduce distress, increase self-reflection and self-awareness, alter behavior and thinking patterns, have positive physical effects and build resilience – all of which play a key role in life transformation. Women are guided through creating various art projects in a safe environment which can empower the healing process.</p>

*Recidivism after WRRP Participation*

**Results**

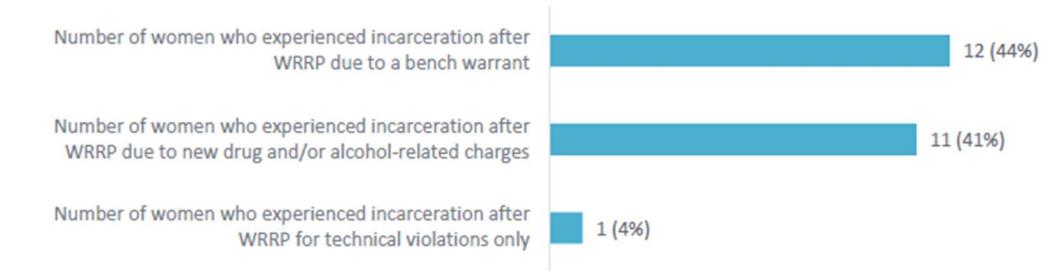

Recidivism data was collected for all In-Custody participants for this funding cycle. Among all In-Custody participants, 43% (27/63) experienced incarceration after engaging in WRRP, but ultimately only 15 individuals or 24% of WRRP participants received new charges after participating in the jail-based program. Of those reincarcerated, 44% (12/27) were in custody related to bench warrants, 41% (11/27) were incarcerated on new charges related to drugs and/or alcohol, and one individual was in custody due solely to a technical violation/revocation. As stated previously, data that would have allowed for analysis on shifts in frequency or severity was not collected.

Note: A technical violation is defined as a range of activities in which a supervisee violates the terms of release but does not commit new crimes. Examples include failing to report to a probation officer, failing a drug test, refusing to engage in mandated substance abuse, mental health, or sex offender treatment, and possessing weapons or other forms of contraband (e.g., illegal drugs).

**Electronic Record and Signature Disclosure**

## **ELECTRONIC RECORD AND SIGNATURE DISCLOSURE**

From time to time, County of Santa Cruz (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

### **Getting paper copies**

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

### **Withdrawing your consent**

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

### **Consequences of changing your mind**

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

### **All notices and disclosures will be sent to you electronically**

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

### **How to contact County of Santa Cruz:**

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: [nada.algharib@santacruzcounty.us](mailto:nada.algharib@santacruzcounty.us)

### **To advise County of Santa Cruz of your new email address**

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at [nada.algharib@santacruzcounty.us](mailto:nada.algharib@santacruzcounty.us) and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

### **To request paper copies from County of Santa Cruz**

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to [nada.algharib@santacruzcounty.us](mailto:nada.algharib@santacruzcounty.us) and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

### **To withdraw your consent with County of Santa Cruz**

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;

ii. send us an email to [nada.algharib@santacruzcounty.us](mailto:nada.algharib@santacruzcounty.us) and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

### **Required hardware and software**

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

### **Acknowledging your access and consent to receive and sign documents electronically**

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to ‘I agree to use electronic records and signatures’ before clicking ‘CONTINUE’ within the DocuSign system.

By selecting the check-box next to ‘I agree to use electronic records and signatures’, you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify County of Santa Cruz as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by County of Santa Cruz during the course of your relationship with County of Santa Cruz.
