## Findings

**F1 .** There is currently no consolidated data being collected on Santa Cruz County human trafficking cases. This causes an understatement of the problem and makes it difficult for stakeholders to obtain additional funding.

**AGREE**

**PARTIALLY DISAGREE**

**DISAGREE**

**Response explanation** (required for a response other than **Agree**):

Data needs to be clearly defined in both scope and purpose. Crime data is collected and analyzed by each law enforcement agency in the county. The District Attorney's Office maintains consolidated data on all cases submitted for filing, along with their disposition. Crime data differs significantly from anecdotal information gathered by community-based organizations, and no analysis of these differences is currently being conducted. Prosecution of human trafficking cases is funded through the District Attorney's budget, not through grant funding, and has not been affected by data reporting. Community-based organizations seeking grant funding from California Victim Compensation Board's (CalVCB) current or future programs may benefit from additional data collection.

**F2 .** The potential passage of AB 379 may provide grants for the District Attorney's Office for the prosecution of traffickers and grants for community-based organizations for direct services and victim outreach. This could provide the resources necessary to ultimately reduce human trafficking and reduce the likelihood of victims returning to trafficking.

**AGREE**

**PARTIALLY DISAGREE**

**DISAGREE**

**Response explanation** (required for a response other than **Agree**):

AB379, if enacted, is a competitive grant that would provide funding for up to 11 district attorney's offices in the State of California (there are 58 counties), subject to available appropriations for the purpose of supporting vertical prosecution operations. The District Attorney's Office could apply for this grant, but there is no guarantee of being a recipient.

Under AB379 the California Victim Compensation Board (CalVCB) is explicitly tasked with providing grants to community-based organizations (CBOs). This funding does not originate with the District Attorney's Office. It is also subject to appropriation by the California legislature.

**F13 .** Law enforcement task forces focused solely on human trafficking are very effective methods of detecting and preventing human trafficking activities. Such task forces could increase the rate of interdiction and the successful prosecution of human trafficking cases.

**AGREE**

**PARTIALLY DISAGREE**

**DISAGREE**

**Response explanation** (required for a response other than **Agree**):

The District Attorney's Office has been collaborating with Sheriff's Office as they explore the creation of a regional task force dedicated to investigating sexual assaults and related crimes, including human trafficking. The District Attorney's Office will participate in quarterly County Sexual Assault Investigator meeting where human trafficking cases can be discussed.

## Recommendations

**R1 .** The Department of Human Services should designate a qualified staff member to take the lead in forming a countywide human trafficking coalition, including the District Attorney and the Sheriff's Office. Members should include stakeholders discussed in this report who are involved in the prevention and interdiction of human trafficking. The focus should include the consolidation of human trafficking data and the procurement of additional funds, potentially to fund law enforcement task forces. This should be completed by December 31, 2025. (F1,F2,F13)

- **HAS BEEN IMPLEMENTED** – summarize what has been done
- **HAS NOT YET BEEN IMPLEMENTED BUT WILL BE IN THE FUTURE** – summarize what will be done and the timeframe
- x** **REQUIRES FURTHER ANALYSIS** – explain the scope and timeframe (not to exceed six months)
- **WILL NOT BE IMPLEMENTED** – explain why

### Required response explanation, summary, and timeframe:

The District Attorney's Office will attend any meetings schedule by the Human Services Department for the purposes of sharing data related to human trafficking.
