## Findings

- F6 .** Very few businesses in Santa Cruz County are in compliance with SB 1193 signage requirements. This results in the reduction of community awareness of the problem and the likelihood that trafficking victims will be able to reach out for help.

☐ **AGREE**  
☒ **PARTIALLY DISAGREE**  
☐ **DISAGREE**

**Response explanation** (required for a response other than **Agree**):

The Grand Jury has reported that very few businesses are in compliance with SB 1193 (codified in Civil Code 52.6) signage requirements, but the Capitola Police Department has not verified this statement.

**F9 .** Annual inspections are required of massage businesses in jurisdictions with massage business ordinances, but inspections are generally not being conducted. This can result in undetected human trafficking activity.

☐

**AGREE**

☐

**PARTIALLY DISAGREE**

☒

**DISAGREE**

**Response explanation** (required for a response other than **Agree**):

Per the terms of SB 1193/Civil Code Section 52.6, it is Capitola Police Departments understanding that the Police Department is not authorized to enforce SB 1193/Civil Code section 52.6.

**F12 .** There has been a lack of human trafficking presentations to law enforcement. Local law enforcement jurisdictions could request the no-cost training that is available from local human trafficking service providers. This can lead to officers learning to identify human trafficking victims and reduce further victim trauma.

☒ **AGREE**  
☐ **PARTIALLY DISAGREE**  
☐ **DISAGREE**

**Response explanation** (required for a response other than **Agree**):

The Capitola Police is within California Peace Officer Standards and Training (POST) training guidelines.

We will be reaching out to local training providers to ensure our staff is up to date with current trends and best practices, regarding human trafficking.

## Recommendations

- R4 .** Each law enforcement agency in Santa Cruz County, including the Sheriff's Office, Santa Cruz Police Department, Scotts Valley Police Department, Capitola Police Department, and Watsonville Police Department, should require law enforcement officers to receive an annual human trafficking awareness training, preferably led by human trafficking survivors. This should commence by December 31, 2025. (F12)

☐ **HAS BEEN IMPLEMENTED** – summarize what has been done

☒ **HAS NOT YET BEEN IMPLEMENTED BUT WILL BE IN THE FUTURE** – summarize what will be done and the timeframe

☐ **REQUIRES FURTHER ANALYSIS** – explain the scope and timeframe (not to exceed six months)

☐ **WILL NOT BE IMPLEMENTED** – explain why

### Required response explanation, summary, and timeframe:

The Capitola Police Department is within compliance on California POST for Human Trafficking training. We would be interested in additional training from local providers.

**R6 .** Santa Cruz County Board of Supervisors should adopt an umbrella countywide ordinance requiring human trafficking signage currently mandated by the State to be part of all existing permitting and licensing procedures for affected businesses. This should be completed by June 30, 2026. (F6)

- ☐ **HAS BEEN IMPLEMENTED** – summarize what has been done
- ☐ **HAS NOT YET BEEN IMPLEMENTED BUT WILL BE IN THE FUTURE** – summarize what will be done and the timeframe
- ☒ **REQUIRES FURTHER ANALYSIS** – explain the scope and timeframe (not to exceed six months)
- ☐ **WILL NOT BE IMPLEMENTED** – explain why

**Required response explanation, summary, and timeframe:**

This response would be better responded to by the Board of Supervisors.

**R10 .** Local law enforcement agencies, including the Sheriff's Office, Santa Cruz Police Department, Scotts Valley Police Department, Capitola Police Department, and Watsonville Police Department, should enforce massage business licensing, certification, and inspection requirements. This should include compliance with SB 1193 signage requirements. Enforcement of existing ordinances should commence by September 30, 2025. However, if/when the Board of Supervisors agrees to the Jury's recommendation to adopt a countywide ordinance, law enforcement should come into compliance with this new ordinance within 30 days of adoption. (F9)

- ☐ **HAS BEEN IMPLEMENTED** – summarize what has been done
- ☐ **HAS NOT YET BEEN IMPLEMENTED BUT WILL BE IN THE FUTURE** – summarize what will be done and the timeframe
- ☐ **REQUIRES FURTHER ANALYSIS** – explain the scope and timeframe (not to exceed six months)
- ☒ **WILL NOT BE IMPLEMENTED** – explain why

**Required response explanation, summary, and timeframe:**

Per SB 1193/ Civil Code Section 52.6 and Cal. Business and Professions Code 17204, the City does not believe it is authorized to enforce SB 1193/ Civil Code Section 52.6. The City of Capitola also does not believe it is subject to County ordinances.
