2003	31,496	3	2,995	3,038	3,245	1,821	181	135	42,914

\* After June 30, 1993, the County switched to the Alternating Tax Apportionment Method which treats prior taxes as payments against an outstanding Taxes Receivable balance. The amounts shown after this date are either past adjustments or represent delinquent payments applicable to the Supplemental Tax Roll.
