INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Supervisors of the
Santa Cruz County Redevelopment Successor Agency
Santa Cruz, California

Report on the Basic Financial Statements

We have audited the accompanying basic financial statements of the Santa Cruz County Redevelopment Successor Agency (the Agency), a fiduciary fund of the County of Santa Cruz (the County), as of and for the fiscal year ended June 30, 2021, and the related notes to the basic financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Basic Financial Statements

Management is responsible for the preparation and fair presentation of these basic financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the basic financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these basic financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether these financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the Agency, as of June 30, 2021, and the changes in its financial position for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Agency and do not purport to, and do not, present fairly the financial position of the County as of June 30, 2021, the changes in its financial position, or, where applicable, its cash flows for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis (MD&A) that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2021, on our consideration of the County's internal control over financial reporting relating to the Agency and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance relating to the Agency.

NOTES TO BASIC FINANCIAL STATEMENTS

**SANTA CRUZ COUNTY
REDEVELOPMENT SUCCESSOR AGENCY
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2021**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Santa Cruz County Redevelopment Successor Agency (the Agency), a fiduciary fund of the County of Santa Cruz (the County), have been prepared in conformity with accounting principles generally accepted in the United States of America as they apply to private purpose trust funds. Private purpose trust funds report resources of trust arrangements in which principal and income benefit individuals, private organizations, or other governments. Private purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. This fund is used to report the assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, and activities of the Agency. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Agency's accounting policies are described below.

A. *Reporting Entity*

The County was incorporated in 1850 under the provisions of Article II, Section 3 of the California State Constitution and is a general law county. The Redevelopment Agency was activated by the Board of Supervisors with the adoption of Ordinance No. 3736 on April 1, 1986. The Board of Supervisors established the Live Oak/Soquel Community Improvement Project on May 12, 1987, by Ordinance No. 3836, pursuant to the California Community Redevelopment Law. The Redevelopment Agency was dissolved per Assembly Bill X1 26 on January 31, 2012. On January 10, 2012, per Resolution No. 5-2012, the County elected to assume the duties of the Agency.

The Agency is governed by the County Board of Supervisors serving in a separate capacity as the governing board of the Agency.

B. *Basis of Accounting and Measurement Focus*

The accounts of the Agency are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for in a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, and expenditures/expenses. Agency resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements

The Agency's Government-Wide Financial Statements include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position. These statements present summaries of Governmental Activities for the Agency.

The Government-Wide Financial Statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Agency's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position are included in the accompanying Statement of Fiduciary Net Position. The Statement of Changes in Fiduciary Net Position presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. *Basis of Accounting and Measurement Focus* (Continued)

Government-Wide Financial Statements (Continued)

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Fiduciary Net Position have been eliminated. The following interfund activities have been eliminated:

- Due to and from other funds
- Transfers in and out

C. *Cash, Cash Equivalents, and Investments*

The Agency maintains a cash balance in the County investment pool to meet current operating requirements. Cash in excess of current requirements is invested by the County Treasury in various interest-bearing securities and disclosed as part of the Agency's investments.

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, highly liquid market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

In accordance with GASB Statement No. 40, *Deposit and Investment Risk Disclosures – an amendment of GASB Statement No. 3*, certain disclosure requirements, if applicable, for Deposits and Investment Risks are specified in the following areas:

- Interest Rate Risk
- Credit Risk
 - Overall
 - Custodial Credit Risk
 - Concentrations of Credit Risk
- Foreign Currency Risk

In addition, other disclosures are specified including use of certain methods to present deposits and investments, highly sensitive investments, credit quality at year-end, and other disclosures.

D. *Restricted Cash and Investments for Debt Service*

Certain restricted cash and investments are held by fiscal agents for the redemption of bonded debt.

E. *Interfund Transactions*

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds."

F. *Capital Assets*

The Agency's assets are capitalized at historical cost or estimated historical cost. The Agency's policy has set the capitalization threshold for reporting capital assets at \$5,000 (for equipment and vehicles) and \$25,000 (for buildings and structures). Gifts or contributions of capital assets are recorded at fair market value when received.

Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

| | |
|--------------------------|-------------|
| Buildings and structures | 10-50 years |
| Equipment and vehicles | 3-15 years |

The Agency had no infrastructure assets at June 30, 2021.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. *Deferred Outflows and Inflows of Resources*

The Agency recognizes deferred outflows of resources and deferred inflows of resources as prescribed by GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. They are distinguished from assets and liabilities, and are defined as “a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period.”

H. *Long-Term Liabilities*

Long-term debt and other financed obligations are reported as liabilities in the Government-Wide Financial Statements. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premium or discount. Issuance costs are expensed as incurred.

I. *Compensated Absences*

At June 30, 2021, there were no Agency liabilities for compensated absences, as the Agency no longer has any direct employees.

J. *Fiduciary Net Position*

In the Government-Wide Financial Statements, fiduciary net position is classified in the following categories:

Net Investment in Capital Assets – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the capital assets.

Restricted Net Position – This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Unrestricted Net Position – This amount is net position that does not meet the definition of “net investment in capital assets” or “restricted net position.”

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Agency’s policy is to apply restricted net position first.

K. *Property Taxes*

All property taxes are levied, collected, and allocated by the County to the various taxing entities, including the Agency. All property taxes are determined annually on July 1 and attached as an enforceable lien on January 1. Secured property taxes are due in two installments on November 1 and February 1 and become delinquent, if unpaid, on December 10 and April 10, respectively. Property tax revenues include only property taxes resulting from increased assessed values within the boundaries of the Agency and are recognized in the fiscal year for which the taxes have been levied and apportioned to the Agency’s accounts by the County. The County bills and collects property taxes and remits them to the Agency.

Incremental property tax revenues represent excess taxes levied in the former redevelopment project area over that amount levied in the base year (the inception year of the former redevelopment project area). Starting January 2012, pursuant to Assembly Bill X1 26 and Assembly Bill 1484, the Agency must prepare Recognized Obligation Payment Schedules (ROPS), listing enforceable obligations of the Agency, for each six-month period. The County allocates to the Agency only the portion of incremental property tax revenues the Agency claims as necessary to pay the estimated installment payments on enforceable obligations on the ROPS for each six-month period.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. *Property Taxes* (Continued)

The Agency participates in the County “Teeter Plan” method of property tax distribution. Under the Teeter Plan, the County remits property taxes to the Agency based upon assessments, not collections. Property tax revenue is recognized when it is available and measurable.

L. *Use of Estimates*

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

M. *Effect of New GASB Pronouncements*

During the fiscal year ended June 30, 2021, the Agency implemented the following standards:

NOTE 2 – CASH AND INVESTMENTS

A. Summary of Deposit and Investment Balances

Cash and investments consisted of the following at June 30, 2021:

| | <u>Restricted</u> | <u>Unrestricted</u> | <u>Total</u> |
|--|-------------------|----------------------|----------------------|
| Pooled cash and investments held by the County of Santa Cruz | \$ - | \$ 13,976,979 | \$ 13,976,979 |
| Cash with fiscal agent | <u>4,410</u> | <u>-</u> | <u>4,410</u> |
| Total | <u>\$ 4,410</u> | <u>\$ 13,976,979</u> | <u>\$ 13,981,389</u> |

B. Cash Held with the Santa Cruz County Treasury

The Agency pools cash from all sources and all funds except cash and investments with fiscal agents with the County Treasurer so that it can be invested at the maximum yield, consistent with safety and liquidity, while individual funds can make expenditures at any time. The County Treasury Oversight Committee oversees the Treasurer’s investments and policies.

The California Government Code requires California banks and savings and loan associations to secure the County’s cash deposits by pledging securities as collateral. This code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in the County’s name.

The fair value of pledged securities must equal at least 110% of the County’s cash deposits. California law also allows institutions to secure County deposits by pledging first trust deed mortgage notes having a value of 150% of the County’s total cash deposits. The County may waive collateral requirements for cash deposits, which are fully insured up to \$250,000 by the Federal Deposit Insurance Corporation. The County, however, has not waived the collateralization requirements.

NOTE 2 – CASH AND INVESTMENTS (Continued)**C. Investments**

The following table identifies the investment types that are authorized for the County by the California Government Code or the County's investment policy, where more restrictive. The table also identifies certain provisions of the County's investment policy that address interest rate risk, credit risk, and concentration risk.

| Authorized Investment Types | Maximum Maturity | Maximum Percentage of Portfolio | Maximum Investment in One Issuer |
|---|------------------|---------------------------------|----------------------------------|
| Local agency bonds | 5 years | 10% | None |
| U.S. Treasury obligations | 5 years | 100% | None |
| U.S. Governmental Agency obligations | 5 years | 100% | 25% |
| Bankers' acceptances | 180 days | 40% | 10% |
| Commercial paper | 270 days | 25% | 10% |
| Negotiable certificates of deposits | 5 years | 30% | 10% |
| Bank deposits | 5 years | 10% | 10% |
| Repurchase agreements | 1 year | 100% | 10% |
| Medium-term notes | 5 years | 30% | 10% |

| Local Agency Investment Fund (LAIF) | N/A | \$50 million | None |
| Joint Powers Authority investment funds | N/A | 25% | None |
| Supranationals | 5 years | 30% | None |

In accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, investments are stated at cost, as the fair value adjustment at the year-end was immaterial.

Investments of debt proceeds held by the bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the County's investment policy.

D. Interest Rate Risk

The County manages its exposure to declines in fair value by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with its investment policy.

E. Concentration of Credit Risk

At June 30, 2021, in accordance with State law and the County's investment policy, the County did not have 5% or more of its net investment in commercial paper, corporate bonds, or medium-term notes of a single organization, nor did it have 10% or more of its net investment in any one money market mutual fund. Investments in obligations of the U.S. government, U.S. government agencies, or government-sponsored enterprises are exempt from these limitations.

F. Custodial Credit Risk

For investments and deposits held with fiscal agents, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or deposits that are in the possession of an outside party. At year-end, the County's investment pool and cash with fiscal agents had no securities exposed to custodial credit risk.

NOTE 2 – CASH AND INVESTMENTS (Continued)

G. LAIF

The County is a participant in LAIF which is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The County's investments with LAIF at June 30, 2021, included a portion of the pooled funds invested in Structured Notes and Asset-Backed Securities:

Structured Notes: Debt securities (other than asset-backed securities) whose cash flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or have embedded forwards or options.

Asset-Backed Securities: Generally mortgage-backed securities that entitle their purchasers to receive a share of the cash flows from a pool of assets such as principal and interest repayments from a pool of mortgages (for example, Collateralized Mortgage Obligations) or credit card receivables.

As of June 30, 2021, as included within the County's basic financial statements, the County invested \$75,060,887 in LAIF. LAIF provided a fair value factor of 1.0008297 to calculate the fair value of the investments in LAIF. However, an adjustment was not made to reflect the fair value of LAIF, as the fair value adjustment was considered immaterial.

LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute.

H. *Restricted Cash Held with Fiscal Agent*

Restricted cash with fiscal agents in the amount of \$4,410 at June 30, 2021, included certain amounts which are held by fiscal agents to be used for payment of long-term debt. These funds have been invested as permitted by applicable County ordinance and resolutions.

NOTE 3 – CAPITAL ASSETS

NOTE 6 – RISK MANAGEMENT

The Agency is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The Agency is covered under the County's insurance policies. The County is self-insured for its general and auto liability, workers' compensation, medical malpractice, and employees' dental coverage. The County has chosen to establish risk-financing internal service funds where funds are set aside for claim settlements associated with the above risk of loss up to certain limits. Excess coverage is provided by the California State Association of Counties (CSAC) Excess Insurance Authority (Insurance Authority), a joint powers authority whose purpose is to develop and fund programs of excess insurance for its member counties. The Insurance Authority is governed by a Board of Directors consisting of representatives of the member counties. Self-insurance limits per occurrence and Insurance Authority limits per year are presented in the County's basic financial statements. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years for the Agency.

County-wide information concerning risks, insurance policy limits, deductible, and designation for the year ended June 30, 2021, may be found in the notes of the County's basic financial statements.

NOTE 7 – ARBITRAGE REBATE PAYABLE

Section 148 of the Internal Revenue Code requires issuers of most types of tax-exempt bonds to rebate investment earnings in excess of bond yield to the United States Internal Revenue Service in installment payments made at least once every five years, with the final installment made when the last bond in the issue is redeemed.

The 2015A Tax Allocation Refunding Bonds are subject to this requirement. The most recent Interim Arbitrage Rebate Analysis was completed May 12, 2020. There was no rebate due.

The 2009A Tax Allocation Refunding Bonds are subject to this requirement. The Final Arbitrage Rebate Analysis was completed September 1, 2019. There was no rebate due.

Future computations of the rebate requirement for the tax allocation bonds and new bond issues will be calculated by a consulting firm as the Agency management considers appropriate. Agency management, as of June 30, 2021, believes there are no arbitrage rebate liabilities.

NOTE 8 – COMMITMENTS AND CONTINGENCIES

A. Lawsuits

The Agency is presently involved in certain matters of litigation that have arisen in the normal course of conducting Agency business. Agency management believes, based upon consultation with the Agency Attorney, that these cases, in the aggregate, are not expected to result in a material adverse financial impact on the Agency. Additionally, Agency management believes that the Agency's insurance programs are sufficient to cover any potential losses should an unfavorable outcome materialize.

B. Commitments

There were no commitments as of June 30, 2021. As of June 30, 2021, in the opinion of Agency management, there were no additional outstanding matters that would have a significant effect on the financial position of the funds of the Agency.

NOTE 9 – RESTRICTED NET POSITION

Restricted net position is net position whose use is subject to constraints that are either (1) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation. At June 30, 2021, the Agency had \$314 restricted for capital projects and \$13,455,172 restricted for debt service.

OTHER REPORT

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Members of the Board of Supervisors of the
Santa Cruz County Redevelopment Successor Agency
Santa Cruz, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of the Santa Cruz County Redevelopment Successor Agency (the Agency), a fiduciary fund of the County of Santa Cruz (the County), as of and for the fiscal year ended June 30, 2021, and the related notes to the basic financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated December 1, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the basic financial statements, we considered the County's internal control over financial reporting (internal control) relating to the Agency as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control relating to the Agency. Accordingly, we do not express an opinion on the effectiveness the County's internal control relating to the Agency.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's basic financial statements are free from material misstatement, we performed tests of the County's compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance relating to the Agency. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance relating to the Agency. Accordingly, this report is not suitable for any other purpose.
