<b>Public Members</b>	Mr. David Culver	Voting	<i>Public Member</i>
	Ms. Leslie Drate	Alternate	<i>Public Member</i>

\* Treasury Oversight Commission Chairperson

\*\* Treasury Oversight Commission Vice Chairperson

The Office of the Santa Cruz County Auditor-Controller-Treasurer-Tax Collector (ACTTC) is included in the County's annual financial audit process. The County's Audit Committee selects an external audit firm to perform the annual audit which includes a review of the internal controls of the County and the ACTTC. Additionally, in compliance with Section 26920 of the Government Code of the State of California, four quarterly audits are performed by the county auditor to review the Treasurer's statement of assets in the county treasury. These audits include manual cash counts, verification of records, and a report to the Board of Supervisors in accordance with the appropriate professional standards, as determined by the ACTTC.

July 1, 2025

Board of Supervisors  
County of Santa Cruz  
701 Ocean Street  
Santa Cruz, CA 95060

Subject: **CERTIFICATION OF LIQUIDITY**

Dear Members of the Board:

This report shows the investment activity for the quarter ending June 30, 2025 of pooled funds on deposit with the Treasurer and that it is in compliance with California Government Code Sections 27000 et seq., 53600 et seq., and the County's 2025 Investment Policy.

Attached are summaries of the Portfolio Structure, Investment Details, Securities Activity by Brokers, and other information to provide a better understanding of the investment activity that has occurred through June 30, 2025.

Pursuant to Government Code § 53646(b)(3), I certify that because of the liquidity of the pool and the county's issuance of Teeter Notes and TRANs, the county has the ability to meet the pool's expenditure requirements for the next six months.

Respectfully submitted,

A handwritten signature in cursive script, reading "Edith Driscoll", is written over a horizontal line.

EDITH DRISCOLL  
Auditor-Controller-Treasurer-Tax Collector

## Portfolio Size and Composition

June 30, 2025

### Monthly Portfolio Balance Trend

Historic review of monthly balance trends from July 2023 to June 2025. Two years ago, portfolio balances were approximately \$1.29 billion compared to our reported amount of \$1.59 billion.

### Portfolio Composition

Investment breakdown of the County Investment Pool as of June 2025. U.S Treasury and U.S Agency bonds are approximately 47% of the portfolio. Treasury bonds are one of the safest and most liquid investments in the United States, rated as prime/high investment grade securities.

# County of Santa Cruz Investment Pool

## Portfolio Net Yield

June 30, 2025

### Apportionment Rate History

Current and historic review of the County Investment Pool with our closest benchmark, LAIF (Local Agency Investment Fund) managed by the State of California. As of June 2025, the apportionment rate of the County Investment Pool is a 4.20% yield, versus a 4.27% yield from LAIF.

<i>Date</i>	<i>County</i>	<i>LAIF</i>	<i>Difference</i>
<b>Jun-24</b>	4.40%	4.47%	-0.07%
<b>Jul-24</b>	4.37%	4.51%	-0.14%
<b>Aug-24</b>	4.43%	4.58%	-0.15%
<b>Sep-24</b>	4.37%	4.57%	-0.20%

## Maturity Distribution

June 30, 2025

### Maturity Classification and Liquidity Review

Investment breakdown based on maturity, as of June 2025. Upon maturity date, the portfolio will receive the investment's face value in cash. These values inherently effect the portfolio's WAM (Weighted Average Maturity) calculated in days, as well as the overall Duration. As of June 30, 2025, the portfolio's average investment takes approximately 431 days to mature.

Category:	Current Reported Values:	Historic Values: <i>Last Quarter   Last Year   Last 2 yrs.</i>		
	June 30, 2025	3/31/25	6/30/24	6/30/23
One Day	20.58%	17.72%	22.18%	28.29%
2 - 90	17.38%	9.66%	20.70%	21.12%
91-360	20.90%	34.56%	17.06%	28.79%
361 - 720	11.28%	11.27%	17.06%	12.48%
721 +	29.86%	26.79%	23.00%	9.32%
WAM	431	427	425	229
Duration	1.2	1.19	1.18	0.63

### Portfolio Maturity Distribution

Current allocation of maturities as of June 2025. Most fixed-income investments mature within the age range of 91 - 360 days. The County Investment Pool is currently very liquid, holding around 38.0% of Cash, and Cash-Equivalent securities (bonds and other investments maturing within 90 days).

# County of Santa Cruz Investment Pool

Credit Quality

June 30, 2025

## Credit Rating Composition

Safety is the primary objective within the County Investment Pool, and CA state codes 27000.5 and 53600.5. As of June 2025, 78% of the portfolio is invested in the highest rated securities (AAA for long term, and A1 / P1 / F1 for short term). Counties within the State of California have strict investment standards and can only invest in highly rated, investment grade securities.

## Credit Breakdown

Current and historic values based on credit rating and outstanding cash accounts. The State of California's LAIF fund is unrated, but is governed by the same investment restrictions as the County Investment Pool, per CA government codes 16430 and 16480.4.

Rating Category	Current Reported Values:		Historic Values: Last Quarter   Last Year   Last 2 yrs.

## DETAILED LIST OF INVESTMENTS OUTSTANDING

---

As of June 30, 2025

### REPORT DESCRIPTION

The **Detailed List of Investments Outstanding** lists active investments in the portfolio on a specific date providing information on the market values, book values, interest rates and yields. It is arranged so that the securities of the same type are grouped together. What follows is a description of the abbreviations used in the report.

CUSIP – The CUSIP number is a 9-character alphanumeric code which identifies a North American financial security for the purposes of facilitating clearing and settlement of trades.

INVESTMENT NUMBER – This is a unique system-generated number assigned to the security. Assigned by the County for internal identification purposes.

ISSUER – The issuer named is the name of the institution which issued the bond.

PURCHASE DATE – This is the date on which the security was purchased.

PAR VALUE – The nominal or face value of a bond. This is the amount that will be received at maturity with accrued interest. It is also the amount that is used in calculating the interest received on the bond.

MARKET VALUE – Market value is the dollar amount the security could have been sold for on the report date. By comparing this number to the book value one is able to determine what, if any, loss or gain we would realize if we were to sell the bond in the open market.

BOOK VALUE – The original cost for each investment adjusted for amortization of premiums or accretions of discounts to the date of the report. Amortizations and accretions are calculated on a straight line basis.

STATED RATE – In most cases this is the coupon rate (rate of interest) set on a bond at the issue date by the issuer. If the security has no coupon (discount note, UST Bill or CP) then the stated rate is the yield to maturity on the date that the bond is purchased. The stated rate is not intended for comparing yields between different investments because the item may have been purchased at a discount or premium to par.

YTM – This is the Yield to Maturity. This is what the yield will be on the bond if it is held to maturity.

DAYS TO MATURITY – This is the number of days remaining between the report date and the maturity date.

MATURITY DATE – The maturity date is the date when a bond matures. On the maturity date an issuer of a security will pay the holder of the security the par value plus any accrued interest earned on the security from the date of last distribution.

# ACCRUED INTEREST REPORT

---

As of June 30, 2025

## REPORT DESCRIPTION

The **Accrued Interest Report** shows the amount of interest earned, but not yet received, for each active investment within the portfolio. Within the date range, the report displays the amount of interest accrued as of the report beginning date, the amount of interest earned during the reporting period, the amount of interest recorded as received, and the ending accrued interest. What follows is a description of the report's headings.

**ISSUER** – Issuer is the name of the institution which issued the investment.

**INVESTMENT NUMBER** – The investment number is a unique number that identifies the investment position.

**SECURITY TYPE** – This heading is a three-character code assigned by the program to identify each type of investment.

**PAR VALUE** – The nominal or face value of the security.

**MATURITY DATE** – The maturity date is the date on when an investment will mature.

**CURRENT RATE** – For coupon instruments, the current rate is the coupon or interest rate at the time of purchase. For discount instruments, the current rate is the yield to maturity.

**BEGINNING ACCRUED INTEREST** – This column displays the amount of interest earned, but not yet received, as of the report beginning date.

**INTEREST EARNED** – This column shows the amount of interest earned during the selected reporting period.

**INTEREST RECEIVED** – This column includes the amount of interest posted as received during the selected reporting period.

**ENDING ACCRUED INTEREST** – This column displays the amount of interest earned, but not yet received, as of the report ending date.

**County of Santa Cruz**  
**Accrued Interest**  
**Sorted by Security Type - Fund**  
**April 1, 2025 - June 30, 2025**

## DESCRIPTION OF INVESTMENT INSTRUMENTS (1/3)

---

The investment activities of County Treasurers are restricted by state law to a select group of government securities and prime money market instruments. To reduce the risk inherent in any one instrument, state law further limits the percentage of the county's portfolio that can be invested in any one type of security.

The types of securities available to the County Treasurer can be divided into three main categories: 1) U.S. Treasury bills, notes and bonds. They are guaranteed by the U.S. Government and are considered to have no credit risk. They also typically have the lowest yield of the securities available for investing. 2) Securities issued by U.S. Government Agencies and Instrumentalities. These securities consist mostly of notes and debentures of agencies and government sponsored corporations. They are not guaranteed by the U.S. government and therefore have some credit risk. Their yield is typically higher than U.S. Treasury securities. 3) Prime money market securities. These consist of securities such as bankers' acceptances, certificates of deposit, commercial paper and municipal bonds. The yield is typically higher than the other types of securities in which the county invests but the risk is also higher. Through diversification and purchasing only highly rated paper, the credit risk is kept to an acceptable minimum. Each of the securities in these three categories is subject to market risk if sold prior to maturity.

### **What follows is a brief description of the different securities used by the County Treasurer:**

**U.S. Treasury Notes and Bonds** are long term obligations of the U.S. government, which bear coupons. Interest is payable every six months at a rate of one-half the annual coupon. Treasury bonds and notes trading is conducted by the same securities dealers who trade T bills. In the secondary market, prices are quoted in thirty-seconds of 1 percent. Except for their maturities, notes and bonds are identical regardless of their label. Notes are issued for original maturities of one to 10 years. Bonds are issued with original maturities of more than 10 years.

**U.S. Treasury Bills** are unusual instruments because they bear no specific interest rate. Rather, they are issued originally at a discount from its ultimate maturity (par) value. Because T Bills are issued and traded at a discount, investors receive their returns at maturity or on subsequent resale, which ordinarily will be at prices higher than the original discount.

**Federal Farm Credit Bank (FFCB) Discount Notes.** FFCB is an instrumentality of the U.S. Government. The notes are the consolidated obligations of the 37 Farm Credit Banks issued on a discount basis with maturities of one year or less. Although not as risk free as Treasury notes, most experts believe the U.S. government has a moral commitment to the farm credit system.

---

## DESCRIPTION OF INVESTMENT INSTRUMENTS (2/3)

---

**Federal Farm Credit Bank (FFCB) debentures** are consolidated obligations of the 37 Farm Credit Banks issued with a fixed coupon rate with maturities ranging from 6 months to 20 years. A debenture is a bond secured only by the general credit of the issuer.

**Federal Home Loan Bank (FHLB) Discount notes** are consolidated obligations of 12 District banks issued with a fixed coupon rate with maturities ranging from one to ten years. Although the FHLB operates under federal charter with government supervision, the securities are not guaranteed by the U.S. government. However, the banks are required to maintain a considerable reserve pledged against the outstanding debt. They are therefore considered relatively risk free.

**Federal National Mortgage Association (Fannie Mae) Discount notes** are consolidations of government chartered private corporations issued on a discount basis with maturities under one year. They are guaranteed by the corporations, but not by the U.S. government. Many investors consider the securities a moral obligation of the U.S. government and believe Congress would intervene before allowing default.

**Federal National Mortgage Association (Fannie Mae) debentures** are obligations issued by the Association with a fixed coupon rate and various maturities. A debenture is a bond secured only by the general credit of the issuer.

**Local Agency Investment Fund (LAIF)** is the state sponsored investment fund. LAIF is an excellent cash management tool to help meet most of the unexpected cash demands. Currently the state limits the county's investment in this pool to \$65,000,000.

**Federal Home Loan Mortgage Corporation (Freddie Mac) Participation Notes** are issues of the Federal Home Loan Mortgage Corporation representing undivided interests in conventional mortgages underwritten and previously purchased by it. The corporation guarantees the timely payment of interest at the certificate rate and full return of principal. Participation Certificates have original final payment dates of 30 years.

**Government National Mortgage Association (Ginnie Mae) Pass Through** are issues of the wholly owned government corporation within the Department of Housing and Urban Development. Principal and interest payment collected on mortgages in specified pools are passed through to holders of GNMA Guaranteed certificates after deduction of servicing and guaranty fees. GNMA's have original stated maturities of 12 to 40 years. For Santa Cruz County, these are used only as collateral for overnight repurchase agreements.

**Municipal Securities (Notes and Bonds) Debt** securities issued by state and local governments and their agencies are referred to as municipal securities. Such securities can be divided into two broad categories: bonds issued to finance capital projects and short term notes sold in anticipation of the receipt of other funds, such as taxes or proceeds from a bond issue.

---

## DESCRIPTION OF INVESTMENT INSTRUMENTS (3/3)

---

**Banker's Acceptances.** Briefly stated, the function of the bankers' acceptance is as follows: A borrower may, under certain circumstances, obtain short-term credit by arranging for his bank to accept a time draft upon it. The bank stamps its official accepted across the face of the draft and converts it into a bankers' acceptance. The instrument, now being a bank obligation, may be sold to an acceptance dealer who, in turn, may sell it to an investor. Most BAs arise out of transactions involving the trade of manufactured goods or commodities. Maturities range from one to 180 days.

**Commercial Paper** is a short-term promissory note issued by a company to finance current transactions. All commercial paper is negotiable, but most commercial paper sold to investors is held to maturity. Commercial paper is issued not only by industrial and manufacturing firms but also by finance companies. Notes are sold on a discount or interest-bearing basis with maturities not exceeding 270 days.

**Medium Term Notes** are obligations that have maturities of less than 5 years and are issued by corporations or depositories organized and operating in the U.S.

**Negotiable Certificate of Deposit (NCD).** It is a receipt for deposit of a stated sum in the bank on a given date, together with a promise to redeem this sum plus interest at the indicated rate on a designated date. The instrument is negotiable because it is payable either to bearer or to the order of the depositor.

**Repurchase Agreements (RP or Repos).** A holder of securities sells securities to an investor with an agreement to repurchase them at a fixed price on a fixed date. Repurchase agreements are usually for short periods of time (one to five days), when large sums are received that will be needed in the next day or two. As a result, they are often called overnight repos. From the point of view of investors, overnight repos offer several attractive features. First, by rolling overnight repos, investors can keep surplus funds invested without losing liquidity or incurring a price risk. Second, because repo transactions are secured by top quality paper, investors expose themselves to little or no risk.

**Guaranteed Investment Contract (GIC).** This is a fixed income agreement offered by insurance companies. GICs offer to pay a specific interest rate over a period of time. Some GICs are eligible for early redemption, with or without penalty, which eliminates market risk if interest rates rise. In Santa Cruz County it is only used for the investment of secured indebtedness and only if the note documentation permits such an investment.

**Money Market (Mutual) Fund.** A money market mutual fund is a pooled fund that invests in a number of money market vehicles (CD's, CP, T-Bills, etc.). These funds are designed to pay the investor interest, as well as provide full liquidity. Maturities of the underlying investments are 13 months or less.
