Equity in action in Santa Cruz County is a transformative process that embraces individuals of every status, providing unwavering support, dignity, and compassion.

Through this commitment, the County ensures intentional opportunities and access, fostering an environment where everyone can thrive and belong.

THE JOB: Under direction, work with a minimum amount of supervision to oversee master plan development, design, and construction for parks and recreation facilities; prepare grant applications, construction documents, master plans and administer grant programs, design contracts and construction contracts; present oral and written communications to governing bodies and/or public gatherings; conduct park planning and acquisition studies; prepare projects for California Environmental Quality Act (CEQA) compliance; assign, schedule and review the work of subordinate staff; and perform other work as required. **The list established will be used to fill the current vacancy and it may also be used to fill other vacancies during the life of the eligible list.**

The option for remote work may be available based on the type of work and operational needs, upon successful completion of probation.

THE REQUIREMENTS: Any combination of training and experience that would provide the required knowledge and abilities is qualifying. A typical way to obtain these knowledge and abilities would be:

One year of park planning experience equivalent to a Park Planner III at Santa Cruz County.

Special Requirements: Possession of valid California class C driver license, or the ability to provide suitable transportation which is approved by the appointing authority. **Additional for Park Planner IV: Possession of a valid design license or certificate of registration as an architect, civil engineer and/or landscape architect from the State of California.**

Knowledge: Thorough knowledge of the principles, practices and trends of park planning and development or of the specialty area to which assigned; statistical research methods as applied to the collection and tabulation of data affecting park planning; laws, ordinances and regulations governing park planning and development in California; parks design and cost estimating, including construction documents; grants and contract development and administration including inspection of construction projects; public project funding principles and procedures and capital project implementation; long range project planning practices; laws and regulations related to planning, zoning and environmental protection pertaining to park projects; and methods and procedures of land acquisition and data processing applications. Working knowledge of the community design process and policy formulation. Some knowledge of the principles and techniques of project leadership and review.

Ability to: Collect, analyze, compile, organize and present technical statistical and related information pertaining to park planning research; prepare concise written and oral reports; participate in park planning presentations before official bodies; provide services to the public in a courteous and effective manner; participate cooperatively and effectively as a contributing team member; prepare construction plans, charts, maps and other graphic illustrations; produce acceptable work commensurate with the level of appointment in an acceptable timeframe; establish and maintain effective working relationships with others; prepare and present studies, reports, requests for proposals, grant applications and concept plans; speak effectively before groups; understand, interpret, explain and apply laws, ordinances, rules, and policies, regulations and construction documents; prepare park concept plans, landscape construction plans, specifications and cost estimates; oversee and inspect park construction projects; learn to input, access and analyze data using a computer; present major planning studies analyses and reports to boards, commissions and committees; complete complex assignments, determine alternative choices and make recommendations; prepare clear and concise administrative and technical reports, resolutions, permit applications and environmental documents associated with park development, oversee the park master process from consultant selection to final approval; evaluate design proposals and construction documents prepared by others; provide leadership to team efforts, including public groups; track, monitor and advocate legislation; enforce common safety practices and procedures; act as a subject matter expert or resource; and assign, schedule and review the work of subordinates on assigned projects.

THE EXAMINATION: Your application and supplemental questionnaire will be reviewed to determine if you have met the education, experience, training and/or licensing requirements as stated on the job announcement. If you meet these criteria and are one of the best qualified, you may be required to compete in any combination of written, oral and/or performance examinations or a competitive evaluation of training and experience as described on your application and supplemental questionnaire. You must pass all components of the examination to be placed on the eligible list. The examination may be eliminated if there are ten or fewer qualified applicants. If the eligible list is established without the administration of the announced examination, the life of the eligible list will be six months and your overall score will be based upon an evaluation of your application and supplemental questionnaire. If during those six months it is necessary to administer another examination for this job class, you will be invited to take the examination to remain on the eligible list.
