Why give at work?

When you give through EarthShare California, you are caring for the everyday privileges we all count on for good health and our quality of life. EarthShare members protect these everyday privileges—and so do you when you participate with us!

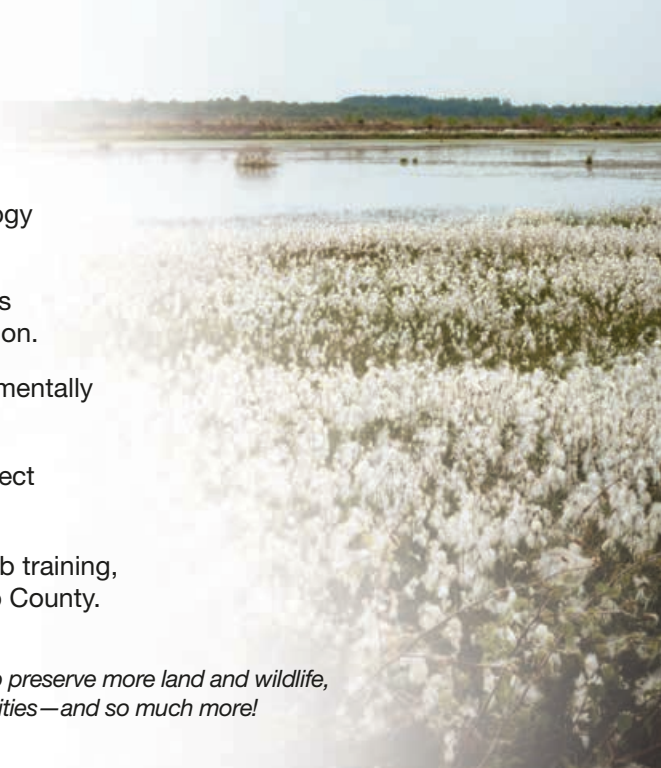

With EarthShare California you can have confidence that you will make the greatest impact for our environment. Because our nonprofit partners represent nearly every environmental issue, your support is an investment that helps advance the most important priorities. Please support what matters to you by donating through your workplace giving campaign. Don't have EarthShare where you work? Get in touch and we can help introduce EarthShare to your employer. You can also start supporting the causes you care about now on our website!

Donor Impact

- 19.1** Million pounds of recycling were picked up and repurposed by the Ecology Center in the Berkeley area.
- 2.95** Million gallons of water were saved in San Jose through Our City Forest's program that converts lawns by replanting with drought tolerant vegetation.
- 137,000** people were served by California Native Plant Society to source environmentally friendly water-wise plants for yards and gardens.
- 2,700** Acres of new fencing was put up by the Desert Tortoise Preserve to protect valuable tortoise habitat in the Mojave Desert.
- 500** Disadvantaged youth in San Diego received environmental education, job training, and career placement assistance through the Urban Corps of San Diego County.

These are just a few examples of the impact made possible by our supporters. Your donation helps to preserve more land and wildlife, plant more trees, educate the next generation of environmental stewards, and build resilient communities—and so much more!
