Impact of EarthShare California Member Charities Response to COVID-19

Earthjustice and the Passage of COVID-19 Relief Bill

Earthjustice was founded because the Earth needs a good lawyer"

Earthjustice along with partners and allies in Congress worked to support the inclusion of **\$100 million** in environmental justice grants of which half will go to air quality monitoring and the other half to addressing environmental or public health risks in communities of color. Surfrider's Rise Above Plastics Campaign

Did you know that it is estimated that Americans go through about **100 billion plastic bags** a year or **350 bags** per year for every man, woman, and child. Surfrider Foundation developed the Rise Above Plastics campaign with the focus to eliminate the impact of plastics by educating the public about the danger of plastic pollution and advocating for a reduction of single-use plastic and the recycling of all plastics. [Santa Cruz Surfrider/#](#)

NRDC (Natural Resources Defense Council) addresses the threat of both climate change and COVID with the combined expertise of **700 scientists**, health experts, lawyers, low-income and communities of color, over **3 million** members and online activities. To become involved <https://nrdc.org/get-involved>
