

County Plan #	Objective Title	Objective	Target
#262	Soil Disease	<i>By June 2023, the Agricultural Extension will develop and communicate a strategy to effectively minimize soil diseases in strawberry and caneberry.</i>	100 Trained Growers
Measurement			
<i>Develop a program of integrated management for soil diseases in strawberry and caneberry, and share with over 100 Growers.</i>			
Collection Method			
<i>In two different extension events on 9/13/2022 and 3/27/23, Advisor Bolda presented a strategy on soil disease management to growers and farm managers. Additionally, he had two plant pathologists speak about disease management strategies at his Annual Strawberry Production Research meeting with 150 participants held on Feb 3, 2023.</i>
