How to vote with a paper ballot

At the polling place, you can choose to vote on a touchscreen or paper ballot.

Mark your ballot

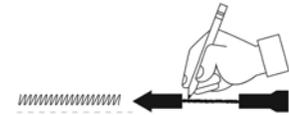

Draw a single line to connect the head and tail of the arrow that points to your choice.

Use only a blue or black ballpoint ink pen. Do not use red ink pens, Sharpies, markers or any other type of pen.

Do not sign your name on your ballot, write your initials, or write any other words or marks on your voted ballot.

To vote for a qualified write-in candidate, write their name on the blank line at the end of the list of candidates. Then connect the arrow pointing to that name.

A list of qualified write-in candidates is available at the polling place on Election Day. The list is posted on our website at www.votescount.com 13 days before the election

Check your ballot carefully

If you make a mistake, ask a poll worker for a new ballot or follow the instructions in your vote-by-mail ballot packet.

Don't vote for too many

Vote for the number allowed

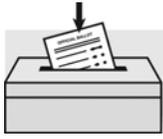

Always connect the arrow, even on a write-in vote

Cast your ballot at the scanner

After you have marked your ballot, take it to the scanner and insert your ballot.

If you made a mistake, such as voting for too many candidates, the scanner will eject your ballot so you can correct it.

6 How to vote in a primary election

All voters can now vote in the primary election.

Voting for President depends on the party you are registered with.

A primary election in June chooses the candidates who will run in the General Election in November. You may see three different types of primaries on your ballot. **The way each primary works depends on the office.**

How to vote in the Presidential Primary

Six political parties are holding Presidential Primaries:

- Democratic
- American Independent
- Libertarian
- Republican
- Green
- Peace and Freedom

If you are registered with one of these parties, your ballot will include the candidates running for that party's nomination. If you are registered with one political party, you may not vote a ballot for another political party.

You can only vote for the County Central Committees/County Councils if you are registered with that party.

If you are not registered with one of the six political parties, or if you registered Decline to State, Independent, or Nonpartisan, you are a **No Party Preference (NPP) Voter**.

Three parties allow NPP voters to vote in their presidential primary:

- Democratic
- American Independent
- Libertarian

If you want to vote in one of these party primaries, you must ask for that ballot. Otherwise you will receive a Nonpartisan ballot that will not include the office of President.

Three parties allow only voters registered with their party to vote in their presidential primary:

- Republican
- Green
- Peace and Freedom

If you want to change your party registration before the primary, the last day to re-register to vote is May 23, 2016. You can register to vote online at registertovote.ca.gov or cards are available at post offices, city halls, libraries and the County Elections Department.

How to vote in the California Top-Two Primary

In a Top-Two Primary, you can cast your vote for any candidate.

- All candidates from all parties will be on the ballot for these contests.
- You don't have to be registered with a party to vote on these contests.
- You can vote for a candidate from any party.
- You can "write in" a candidate in the Primary Election.
- The two candidates with the most votes will appear on the General Election ballot even if they have the same party preference.

Nonpartisan offices: County Supervisor and County offices are always open to all eligible voters.

What does party preference mean?

Voters may either register with a political party preference or choose "none."

A candidate's party preference does not necessarily mean that they have that political party's support. The list of candidates who receive a party's official endorsement is in the county Voter Information Guide.

Cómo votar en la Elección Primaria Presidencial

Seis partidos políticos llevarán a cabo Elecciones Primarias Presidenciales:

- Demócrata
- Independiente Americano
- Libertario
- Republicano
- Verde
- Paz y Libertad

Si usted está inscrito en uno de estos partidos, su boleta electoral incluirá a los candidatos que se postulen para la nominación de ese partido. Si usted está inscrito en un partido político, no podrá emitir una boleta electoral para otro partido político. Solo puede votar para los Comités Centrales del Condado/Concejos Municipales del Condado si usted está inscrito en ese partido.

Si no está inscrito en uno de los seis partidos políticos, o si se inscribió eligiendo la opción Rehusa a Declarar, Independiente o No Partidista, usted es un **Elector Sin Preferencia de Partido (NPP)**.

Tres partidos permiten a los electores NPP votar en la elección primaria presidencial:

- Demócrata
- Independiente Americano
- Libertario

Si desea votar en una de estas elecciones primarias de partido, debe solicitar esa boleta electoral. De lo contrario, recibirá una boleta electoral No Partidista que no incluirá el cargo de Presidente.

Tres partidos permiten solo a los electores inscritos en su partido votar en su elección primaria presidencial:

- Republicano
- Verde
- Paz y Libertad

Si desea modificar la inscripción de su partido antes de la elección primaria, el último día para volver a inscribirse para votar es el 23 de mayo de 2016. Puede registrarse para votar en línea en registertovote.ca.gov o tarjetas están disponibles en las oficinas de correos, ayuntamientos, bibliotecas y el Departamento de Elecciones del Condado.

Cómo votar en la Elección Primaria de los Dos Principales de California

En una Elección Primaria de los Dos Principales, puede emitir su voto para cualquier candidato.

- Todos los candidatos de todos los partidos figurarán en la boleta electoral en estas contiendas.
- No es necesario que esté inscrito en un partido para votar en estas contiendas.
- Puede votar por un candidato de cualquier partido.
- Puede emitir un "voto escrito" para un candidato en la Elección Primaria.
- Los dos candidatos con la mayoría de votos aparecerán en la boleta electoral de la Elección General aun si tienen la misma preferencia de partido.

Cargos No Partidistas: Supervisor del Condado y oficinas del Condado siempre están abiertos para todos los electores elegibles.

¿Qué significa preferencia de partido?

Los electores pueden inscribirse con una preferencia de partido político o elegir "ninguna."

La preferencia de partido de un candidato no necesariamente significa que cuenta con el apoyo de ese partido político. La lista de candidatos que reciben el respaldo oficial de un partido se encuentra en la Guía de Información para el Elector del condado.

I am a committed Independent with a decades-long record of courageously serving the public interest. I have served in high-level positions in the Federal Government, including White House Policy Analyst and Special Assistant to the Assistant to the President, and for over a decade was the Senior Military Affairs Journalist at the Naval Postgraduate School -- the premiere science, technology and national security affairs graduate research university of the Department of Defense.

From my position as Director of the Attorney General's Gender Discrimination Law Review at the U.S. Department of Justice, I exposed the Administration's plan to weaken the enforcement of all federal Civil Rights laws, resigning publicly to a week of national publicity that interfered with the plan.

My book 'October Surprise', exposing the deep story behind the Iran side of the Iran/Contra scandal, led to an official investigation by the U.S. House of Representatives.

Jimmy Panetta
U.S. Representative, 20th District
Party Preference: Democratic
Occupation: Prosecutor **Age: 46**

Being a member of Congress is about giving people the opportunity for a better life.

Growing up on the Central Coast in a household committed to public service, I've dedicated my career to upholding that tradition.

When I take my daughters to school, I'm proud that they go to the same public school that I attended. I graduated from MPC, UC Davis, and Santa Clara University Law School.

In the District Attorney's Office, I prosecuted violent gang members and delivered justice for victims and their families. I ensured that those open to rehabilitation were given resources to move away from crime.

As an Officer in the U.S. Navy Reserve, I volunteered to serve our country in Afghanistan and received the Bronze Star Medal.

At home, I worked closely with veterans and local leaders to establish a veterans cemetery and treatment court, and was recognized as a 2015 Veteran of the Year.

The grandson of immigrants, I'll fight for common sense immigration reform with a path to citizenship for law-abiding families.

I'll protect jobs in our area by supporting a robust diverse economy in agriculture, tourism, education, research, small businesses, and high tech.

I'll be a strong voice to protect our priceless coastline, environment, and future of our planet.

I'll work tirelessly for pay equity and to protect a woman's right to choose.

I'll bring energy, new ideas, and a fresh perspective to solve problems facing Central Coast families.

I'd be honored by your vote.

Representante de EE. UU., Distrito 20
Preferencia de Partido: Demócrata
Ocupación: Fiscal **Edad: 46**

Ser miembro del Congreso tiene que ver con darle a la gente la oportunidad de una vida mejor.

Crecí en la Costa Central en un grupo familiar comprometido con el servicio público, y he dedicado mi carrera a defender esa tradición.

Cuando llevo a mis hijas a la escuela, me llena de orgullo saber que asisten a la misma escuela pública a la que yo asistí. Me gradué de MPC, UC Davis, y la Facultad de Derecho de la Universidad de Santa Clara.

En la Oficina del Fiscal del Distrito, enjuicié a violentos miembros de pandillas e hice justicia por las víctimas y sus familias. Garantiqué que las personas abiertas a la rehabilitación obtuvieran los recursos para alejarse de los delitos.

Como Funcionario de la Reserva de la Marina de EE. UU., fui voluntario para servir a nuestro país en Afganistán y recibí la Estrella de Bronce.

En casa, trabajé de cerca con veteranos y líderes locales para establecer un cementerio de veteranos y una corte de tratamiento, y fui reconocido como Veterano del Año de 2015.

Como nieto de inmigrantes, lucharé por una reforma inmigratoria con sentido común que abra el camino a la ciudadanía para las familias que respeten la ley.

Protegeré los empleos en nuestra área apoyando una economía diversa sólida en agricultura, turismo, educación, investigación, pequeñas empresas, y alta tecnología.

Seré una voz fuerte para proteger nuestra línea costera invaluable, nuestro medio ambiente, y el futuro de nuestro planeta.

Trabajaré incansablemente para la igualdad salarial y para proteger el derecho de una mujer a elegir.

Aportaré energía, ideas nuevas, y una perspectiva diferente para resolver los problemas que enfrentan las familias de la Costa Central.

Me sentiría honrado con su voto.

Bill Monning
State Senate, 17th District
Party Preference: Democratic
Occupation: CA State Senator **Age: 65**

Eight years ago, you sent me to Sacramento to make a difference, and I am proud of what we have been able to accomplish together.

Since joining the State Legislature, I've authored over 80 bills signed into law by the Governor, including the ground-breaking End of Life Options Act to give terminally ill patients a compassionate way to take control of their own lives – subject to strict guidelines.

After years of hard work with many key partners, the new California Central Coast Veterans Cemetery is scheduled to open this July. My legislation in Sacramento and ability to secure funding helped break the logjam to honor those who served our nation with a final resting place, fulfilling a promise made over two decades ago.

In Sacramento, we've passed balanced, on-time budgets five years in a row and put the State's fiscal house in order. We've made great strides toward tackling our State's pension obligations while restoring critical funding to education, healthcare, and public safety.

I've earned the highest ratings from the California Labor Federation, the California League of Conservation Voters, the Sierra Club, and the Consumer Federation of California.

While our economy has recovered since the Great Recession, we must continue to focus on creating jobs by strengthening the backbones of our local economy: agriculture, tourism, and our educational institutions.

That's why I'm asking you to send me to the State Senate for another term.

Please visit www.billmonning.org. I'd be honored by your vote on June 7th. Thank you!

Bill Monning
Senado Estatal, Distrito 17
Preferencia de Partido: Demócrata
Ocupación: Senador Estatal de CA **Edad: 65**

Hace ocho años, usted me mandó a Sacramento para marcar la diferencia, y me enorgullece lo que hemos podido lograr juntos.

Desde que me uní a la Legislatura Estatal, fui autor de más de 80 proyectos de ley promulgados por el Gobernador, incluida la innovadora Ley de Opción del Final de la Vida, que otorga a los pacientes terminales una forma compasiva de controlar sus propias vidas – sujeta a pautas estrictas.

Luego de años de trabajo intenso con varios socios clave, el nuevo Cementerio para Veteranos de la Costa Central de California tiene previsto abrir el próximo mes de julio. Mi legislación en Sacramento y la capacidad para asegurar financiamiento ayudó a romper el estancamiento para honrar a quienes sirvieron a nuestra nación con un lugar final para descansar, con lo cual se cumplió la promesa realizada hace más de dos décadas.

En Sacramento, hemos aprobado presupuestos equilibrados a tiempo durante cinco años consecutivos y pusimos orden en la casa fiscal del Estado. Hemos avanzado mucho para encarar las obligaciones en materia de jubilación del Estado y, a la vez, restaurar el financiamiento crítico para la educación, la atención médica, y la seguridad pública.

Obtuve las calificaciones más altas de la Federación de Trabajadores de California, la Liga de Votantes por la Conservación de California, el Club Sierra, y la Federación de Consumidores de California.

Si bien nuestra economía se ha recuperado desde la Gran Recesión, debemos continuar enfocándonos en la creación de empleos mediante el fortalecimiento de la columna vertebral de nuestra economía local: la agricultura, el turismo, y nuestros institutos educativos.

Es por esto que le pido que me envíe al Senado Estatal por otro período.

Por favor visite www.billmonning.org. Sería un honor tener su voto el 7 de junio. ¡Gracias!

Georgia Acosta
State Assembly, 30th District
Party Preference: Republican
Occupation: Agriculture Business Owner/Taxpayer Rep Age: 45

My name is Georgia Acosta and I'm your State Assembly candidate.

I am not a professional politician. Like you, I work hard, pay taxes, and provide for my family. As a Mother of three children, I realize that having equal access to a great education should always be our top priority. I served as Chair of the Pacific Coast Charter School in Watsonville. Being an involved parent, I quickly realized that approximately 50% of California's budget goes to Education.

I will fully fund quality educational programs that have a proven track record of success for our kids. Traditional, charter and career vocational schools hold the keys to an overall community solution.

Agriculture is also an important way of life for us. I was born in Gilroy, raised in Morgan Hill and have lived in Watsonville with my Husband Ed for over 25 years. During all this time, the business of agriculture has been central to the local economy, good jobs, and our lives. I will be your California champion for preserving and improving this vital local industry.

Every election year, we get the same politicians over and over again. You know these politicians. Once elected to office, they take care of themselves, their relatives, and the Special Interests that donate big money. "We The People" are often left alone to beg for help that seldom materializes. Let's fix this by voting for Georgia Acosta!

Please feel free to contact me: (831) 228-2858.
 Visit my website: AcostaforAssembly.org

Thanks for your support.

Georgia Acosta
Asamblea del Estado, Distrito 30
Preferencia de Partido: Republicano Edad: 45
Ocupación: Dueña de Negocio Agrícola/Rep. de Contribuyentes

Mi nombre es Georgia Acosta y soy su candidata a la Asamblea Estatal.

No soy una política profesional. Al igual que usted, trabajo intensamente, pago los impuestos, y mantengo a mi familia. Como Madre de tres hijos, me doy cuenta de que tener acceso equitativo a una buena educación siempre debería ser nuestra prioridad principal. Serví como Presidenta de la Escuela Autónoma de Pacific Coast en Watsonville. Como madre involucrada, me di cuenta rápidamente de que alrededor del 50% del presupuesto de California se destina a la Educación.

Financiaré completamente los programas educativos de calidad que cuentan con una trayectoria probada de éxito para nuestros niños. Las escuelas tradicionales, las escuelas públicas autónomas y las escuelas de formación profesional tienen las llaves para una solución general de la comunidad.

La agricultura también es un modo de vida importante para nosotros. Nací en Gilroy, crecí en Morgan Hill y he vivido en Watsonville con mi Esposo Ed por más de 25 años. Durante todo este tiempo, el negocio de la agricultura ha sido la principal fuente económica local, los buenos empleos, y nuestras vidas. Seré su defensora en California para conservar y mejorar esta industria local vital.

Cada año electoral, escuchamos a los mismos políticos una y otra vez. Usted conoce a estos políticos. Una vez electos en el cargo, cuidan de sí mismos, de sus parientes, y de los Intereses Especiales que donan sumas importantes. "Nosotros Las Personas" generalmente quedamos solos rogando por ayuda que casi nunca se materializa. ¡Cambiemos esto votando por Georgia Acosta!

No dude en consultarme al: (831) 228-2858.

We just take out another 30-year loan, and so on, until we run out of bond money. • Colleges should fund these projects from the general fund. • This explains why taxpayers are still paying our last bond, through 2039, and we abandoned the Scotts Valley Center last year. <p>Yes, Cabrillo, there are things that need fixing. <p>As a Cabrillo professor and son of retired school administrators, I've never voted against a school bond. But I'm voting against this one. This is why, in 300 words. It may seem complicated, but here it is.</p> <ul style="list-style-type: none"> • In June 2013, the college published a "Facility Master Plan", a document normally produced on a five-year cycle. It outlined \$24.7 million of facility costs, split evenly between capital costs and maintenance. • The current president started the following month, and by June 2015, the "Facility Master Plan Update" still identified \$12 million of capital projects, plus \$50 million of maintenance—to more accurately account for the total cost of ownership—plus \$3.4 million of technology. Now we're at \$65 million. • In October 2015, a bond firm advised that the college could likely get as much as \$310 million. (For perspective, the last bond of \$118 million built the <i>Allied Health Complex; Student Activity Center</i>, and the entire <i>Visual, Applied, and Performing Arts Complex</i> with 3 theaters, classrooms, practice rooms and studios.) • \$310 million—which will cost the taxpayers \$623 million to pay back, principle and interest—is a staggering amount of money. Especially for a campus that has, according to the 2015 Educational Master Plan, over 150,000 square feet of excess space. <p>So how did we get to this point, when just 8 months earlier our 10-year needs were at most \$65 million? A bond consultant told us we could. And if you think that "we" are the college, and "they" are the taxpayers, it makes sense: We get \$310 million and they get the \$623 million bill.</p> <p>But if you think your community college belongs to the community, please join me to vote no on Measure Q.</p> <p>Dr. Ray Kaupp, Principle Officer* Responsible Educators Against Measure Q</p>	<p>Cabrillo College students need YOUR support. Impartial analysis of Measure Q

Dana McRae, County Counsel

By Jane M. Scott, Assistant County Counsel

If approved by at least fifty-five percent of those voting on the measure, this measure will authorize the Cabrillo Community College District (the "District") to issue general obligation bonds in an aggregate principal amount not exceeding \$310,000,000. The bonds would constitute an indebtedness of the District.

Payment of interest and principal relating to the bonds would be financed by an ad valorem tax levied on real property within the District. The Tax Rate Statement for Measure Q which was provided by the District and is printed in this ballot pamphlet provides information about the estimated amount of that tax.

The money raised through the sale of the bonds may only be used by the District for the purposes stated in the ballot materials and not for any other purpose, such as faculty or administrator salaries or other college ongoing operating expenses.

To ensure that the bond monies are expended for the approved purposes, the Board of Trustees of the District will cause an annual independent performance audit to be conducted. It will also cause an annual independent financial audit to be conducted, and the appointment of a citizens' oversight committee.

The interest rate paid on the bonds and their terms to maturity are not specified in the Resolution, although the maximum rate and number of years will be limited by State law.

This Measure will have no effect on existing levies.

This measure was placed on the ballot by the District's Board of Trustees.

A "yes" vote on Measure Q is a vote to authorize the bonds to be issued and financed by ad valorem taxes levied on real property in the School District.

A "no" vote on Measure Q is a vote against issuing the proposed bonds.

Tax Rate Statement Bond Measure Q

Laurel Jones, President/Superintendent Cabrillo Community College District

An election will be in the Cabrillo Community College District (the "District") on June 7, 2016, to authorize the sale of up to \$310,000,000 in bonds of the District to finance school facilities as described in the proposition. If the bonds are approved, the District expects to sell the bonds in multiple series. Principal and interest on the bonds will be payable from the process of tax levies made upon the taxable property in the District. The information regarding tax rates is provided to comply with Section 9401 of the Election Code of the State of California. This information is based upon the best estimates and projections presently available from official sources, upon experience within the District and other demonstrable factors.

Based upon the foregoing and projections of the assessed valuations of taxable property in the District, and assuming the entire debt service, including principal and interest on the bonds, will be paid through property taxation:

1. The best estimate from official sources of the tax rate which would be required to be levied to fund the bond issue during the first fiscal year after the first sale of bonds, and an estimate of the year in which that tax rate will apply is \$0.02327 per \$100, or \$23.27 per \$100,000 of assessed valuation of all property to be taxed in fiscal year 2017-2018.
2. The best estimate from official sources of the tax rate which would be required to be levied to fund the bond issue during the first fiscal year after the last sale of bonds and an estimate of the year in which that rate will apply is \$0.02327 per \$100, or \$23.27 per \$100,000 of assessed valuation of all property to be taxed in 2028-2029.
3. The best estimate from official sources of the highest tax rate which would be required to be levied to fund the bond issue and an estimate of the year in which that rate will apply is \$0.02327 per \$100 or \$23.27 per \$100,000 of assessed valuation of all property to be taxed in fiscal year 2017-2018.
4. The Best estimate from official sources of the total debt service, including principal and interest which would be required to be repaid by tax rates levied on taxable property, if all the bonds are issued, sold and paid as projected would be \$623,034,495.00

The attention of all voters is directed to the fact that the foregoing information is based upon projections and estimates only. The actual tax rates and the years in which they will apply may vary from those presently estimated due to variations from these estimates in the timing of bond sales, the amount of bonds sold, and the market interest rates at the time of the sales, and the actual assessed valuations over the term of repayment of the bonds. The date of sale and the amount of bonds sold any given time will be determined by the District based on its need for construction funding as well as other factors. The actual interest rates at which the bonds will be sold will depend on bond market conditions at the time of sale. Actual assessed valuations at future dates will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the County of Santa Cruz, County of Monterey, and the

County of San Benito of in the annual assessment and the equalization process. Accordingly, the actual tax rate and the years in which such rates are applicable may vary from those presently estimated above.

To repair/upgrade classrooms to better prepare students, veterans, workers for good jobs/university transfer by upgrading aging classrooms, technology/science labs, repairing outdated, deteriorating wiring, sewer lines, improving campus safety, handicapped accessibility, increasing water conservation/energy efficiency, and acquiring, constructing, repairing sites/facilities/equipment, shall Cabrillo Community College District issue \$310,000,000 in bonds at legal rates, no funding administrators’ salaries/pensions, requiring independent audits, and all funds used locally?”

PROJECTS

The Board of Trustees of the Cabrillo Community College District, to be responsive to the needs of its community, evaluated Cabrillo College’s urgent and critical facility needs, and its capacity to provide students and military **veterans** with support facilities, an **affordable education** and prepare them for success in college and careers. 21st Century job training, safety, enrollment, class size and class offerings, and information and **computer technology** infrastructure were each considered, in developing the scope of projects to be funded. In developing the scope of projects, the faculty, staff, students and community have **prioritized local job training**, particularly in business, technology, nursing and other high demand careers, as well as facilities available to support an **affordable education**, so that the most critical needs that will make Cabrillo College an effective place for learning and **college transfer**, would be addressed. Based on Board, faculty, student and community input, it was concluded that if these facility needs were not addressed now, the Cabrillo College would be unable to remain competitive in preparing students for jobs in high demand industries and university transfer. **In approving the Projects, the Board of Trustees determines that Cabrillo College MUST:**

- (i) Provide upgraded classrooms and technology to deliver essential JOB TRAINING and workforce preparation for students of all ages, VETERANS, and local residents; and**
- (ii) Provide an AFFORDABLE, high quality education that prepares students for four year colleges, like U.C. Santa Cruz and increases opportunities to earn college credits, Certifications and job skills at a reasonable price; and**
- (iii) Ensure that every penny from this measure benefits Cabrillo College, and that no funds can be taken by the State.**

The following types of projects are authorized to be undertaken at Cabrillo College:

PROVIDING AN AFFORDABLE EDUCATION FOR LOCAL RESIDENTS AND VETERANS:

Basic Repair Projects Needed To Make Cabrillo College a Safe Place for Learning

Goals and Purposes: The cost to attend California’s public universities has risen to at least five times that of attending a community college. As a result, more local students and their families rely on Cabrillo College to save tens of thousands of dollars. Additional funds are needed to increase opportunities for local students to earn college credits, certifications, and job skills at a reasonable price and transfer to four-year colleges and universities.

Many of Cabrillo’s buildings, classrooms, science labs, and job training equipment are deteriorating and outdated. This measure will address urgent and basic repairs such as upgrading electrical wiring, gas and sewer lines, fixing leaky roofs, repairing bathrooms, and replacing outdated plumbing and wiring to make our local college clean and safe for learning.

- Replace outdated electrical wiring.
- **Repair deteriorating gas, electrical, water and sewer lines.**
- Make campus buildings more energy efficient.
- Improve water conservation efforts.
- **Update campus facilities to improve access for those with disabilities.**
- Repair to the aging plumbing system to prevent flooding and water damage.

PROVIDING JOB TRAINING AND COLLEGE TRANSFER:

Academic Facility and Technology Upgrade Projects To Help Students and Veterans Transfer to Four-Year Universities or be Trained For 21st Century Jobs

Goals and Purposes: Cabrillo College provides excellent training that prepares students to successfully transfer to UC and CSU schools, such as UC Santa Cruz and CSU Monterey Bay as well as public and private colleges throughout the Country, to complete their Bachelor's degrees. It has ranked #1 in transfers to UC Santa Cruz and #2 in transfers to CSU Monterey Bay. Cabrillo also has an 80% transfer rate to UCLA for its honors scholars and a 90% transfer rate to UC Berkeley. By upgrading our outdated technology, classrooms and science labs, Cabrillo can continue to offer this caliber of education.

Cabrillo College provides essential job training and workforce preparation for students, veterans, and local residents. Because of the changing economy, classrooms, labs and facilities need to be upgraded to provide students with up-to-date technology and expand access to training programs that help them learn new skills and find better paying jobs in jobs in business, technology, allied health programs and other high demand careers.

Cabrillo College classrooms and labs need to be upgraded so students have access to the technology that will help them excel in our 21st century economy. By upgrading classroom technology, science labs and computer labs, as well as improving electrical systems and wiring for computers and wireless internet access, we can ensure our students are prepared for good jobs.

Cabrillo College has served hundreds of military veterans and their families, and more each year, many of whom have recently returned from war zones and face challenges including post-traumatic stress disorder and permanent disability. Upgraded and expanded veteran services and job training are needed so returning Service Members receive the support they need to complete their education and enter the civilian workforce.

Thus the District requires funds that are locally controlled to obtain State matching funds and improve academic facilities which will allow them to continue providing access to affordable, high quality education to local students and veterans, including:

- Upgrade career and vocational classrooms to better prepare students and workers for good-paying jobs.
- **Upgrade facilities which prepare students to transfer to four-year colleges and universities.**
- Provide or upgrade facilities for student support services, such as tutoring and career counseling.
- Upgrade classrooms and labs for science, technology, engineering, and math-related fields.
- Upgrade technology infrastructure for classroom instruction.
- **Improve and maintain culinary arts, and other career education program facilities.**
- Improve technology to support online education.
- **Create a one-stop veterans' center to provide them with support programs and educational resources.**

FISCAL ACCOUNTABILITY

This bond measure has strict accountability requirements including:

1. All money will benefit Cabrillo College campuses and CANNOT BE TAKEN BY THE STATE.
2. NO MONEY can be used for ADMINISTRATOR SALARIES or pensions.
3. Require CITIZENS' OVERSIGHT and yearly reports to the community to keep the College accountable for how the funds are spent.
4. NO ADMINISTRATOR SALARIES. Proceeds from the sale of the bonds authorized by this proposition shall be used only for the acquisition, construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, and not for any other purpose, including teacher, faculty and college administrator salaries, pensions and other operating expenses.
5. **FISCAL ACCOUNTABILITY. THE EXPENDITURE OF BOND MONEY ON THESE PROJECTS IS SUBJECT TO STRINGENT FINANCIAL ACCOUNTABILITY REQUIREMENTS. BY LAW, PERFORMANCE AND FINANCIAL AUDITS WILL BE PERFORMED ANNUALLY, AND ALL BOND EXPENDITURES WILL BE MONITORED BY AN INDEPENDENT CITIZENS' OVERSIGHT COMMITTEE TO ENSURE THAT FUNDS ARE SPENT AS PROMISED AND SPECIFIED. THE CITIZENS' OVERSIGHT COMMITTEE MUST INCLUDE, AMONG OTHERS, REPRESENTATION OF A BONA FIDE TAXPAYERS ASSOCIATION, A BUSINESS ORGANIZATION AND A SENIOR CITIZENS ORGANIZATION. NO DISTRICT EMPLOYEES OR VENDORS ARE ALLOWED TO SERVE ON THE CITIZENS' OVERSIGHT COMMITTEE.**

In addition to the projects listed above, repair, renovation and construction projects may include, but not be limited to, some or all of the following: renovation of student and staff restrooms; replace aging electrical and plumbing systems; repair and replacement of heating and ventilation systems; acquire vehicles; upgrade of facilities for energy efficiencies, including photovoltaic/solar installations; repair and replacement of worn-out and leaky roofs, windows, walls doors and drinking fountains; replace or remove outdated buildings and classrooms and construction of new classrooms and support buildings; installation of wiring and electrical systems to safely accommodate computers, technology and other electrical devices and needs; upgrade facilities to meet current environmental sustainability and State compliance standards; repair and replacement of fire alarms, emergency communications and security systems; upgrading, resurfacing, replacing or relocating of hard courts, fields, turf and irrigation systems; install artificial turf on athletic fields; upgrade classrooms; build or upgrade facilities for math, physical sciences, fine arts, theatre arts, and agriculture and environmental science programs; construct, expand or reconfigure facilities to create large lecture classrooms; upgrade, resurfacing and reconditioning existing parking lots; repair, upgrade and install interior and exterior lighting systems; replace water lines and valves, sewer lines and other plumbing systems; construct, upgrade, acquire or expand multi-use classrooms and labs, culinary and health services buildings, fine arts and visual and performing arts facilities, learning resources center, physical education/aquatic facilities, locker rooms, administrative offices, conference center, maintenance building, student service/campus center and instructional buildings, trades and technology building, library, athletic fields, student services buildings; improve water conservation and energy efficiency; replace or upgrade outdated security and safety systems; replace existing window systems with energy-efficient systems to reduce costs; improve insulation, weatherproofing and roofs to reduce costs; improve access for the disabled; install and repair fire safety equipment, including alarms, smoke detectors, sprinklers, emergency lighting, and fire safety doors; replace broken concrete walks, deteriorated asphalt; replace/upgrade existing signage, bells and clocks; demolition of unsafe facilities; install new security systems, such as security (surveillance) cameras, burglar alarms, handrails, outdoor lighting, fencing, gates and classroom door locks; replace sewer lines and improve drainage systems to prevent flooding; upgrade roadway and pedestrian paths for improved safety and access for emergency vehicles, site parking, utilities and grounds. The project list also includes the refinancing of outstanding lease obligations. The upgrading of technology infrastructure includes, but is not limited to, the funding of state-of-the-art projectors, portable interface devices, servers, switches, routers, modules, sound projection systems, information systems, printers, digital white boards, upgrade voice-over-IP, communication systems, audio/visual and telecommunications systems, call manager and network security/firewall, Internet connectivity, wireless systems, technology infrastructure, and other miscellaneous IT and instructional equipment, DATA storage, fiber/copper infrastructure, phones, identity access cards.

The allocation of bond proceeds will be affected by the District's receipt of State matching funds and the final costs of each project. In the absence of State matching funds, which the District will aggressively pursue to reduce the District's share of the costs of the projects, the District will not be able to complete some of the projects listed above. Some projects may be undertaken as joint use projects in cooperation with other local public or non-profit agencies. The budget for each project is an estimate and may be affected by factors beyond the District's control. The final cost of each project will be determined as plans and construction documents are finalized, construction bids are received, construction contracts are awarded and projects are completed. Based on the final costs of each project, certain of the projects described above may be delayed or may not be completed. Demolition of existing facilities and reconstruction of facilities scheduled for repair and upgrade may occur, if the Board determines that such an approach would be more cost-effective in creating more enhanced and operationally efficient campuses. Necessary site preparation/restoration may occur in connection with new construction, renovation or remodeling, or installation or removal of relocatable classrooms, including ingress and egress, removing, replacing, or installing irrigation, utility lines, trees and landscaping, relocating fire access roads, and acquiring any necessary easements, licenses, or rights of way to the property. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff when performing work on or necessary and incidental to bond projects. Bond proceeds shall only be expended for the specific purposes identified herein. The District shall create an account into which proceeds of the bonds shall be deposited and comply with the reporting requirements of Government Code § 53410.
