Dear Voter,

Welcome to the November 2016 Election!

The November 8 ballot features contests from President and Vice President of the United States to local special districts. In addition, there are 17 state propositions and 16 local measures. Only those local measures that impact where you live will appear on your ballot.

Clearly the November 2016 is a big ballot with lots of different contests. I want to remind you that voting is not a test. You do not have to vote on every contest.

In November, all voters will receive the same ballot regardless of your political party or no party registration.

Some contests allow for write-in candidates and others do not. The law does not allow write-ins for the voter-nominated offices of US Senate, US Representative, State Senate, and State Assembly.

You will find a lot of information in this guide to help you make your decisions. You can also find information on our website at www.votescount.com. In addition, there is another great website, www.votersedge.com, where candidates can post information about themselves free of charge.

If you are signed up to be a permanent vote-by-mail voter, we will automatically mail you a ballot on October 10. Be aware that mail can take 3 to 7 days for delivery.

As a new convenience for our voters, we have installed new ballot drop boxes available 24/7 located in each of the four cities and at the County Government Center.

We are here to help and answer any of your questions. Please call us at 831-454-2060 or email info@votescount.com

Your vote counts! Thank you for being a voter!

Santa Cruz County Clerk/Elections Department

Estimado Elector,

¡Bienvenido a la Elección de noviembre de 2016!

La boleta electoral del 8 de noviembre presenta contiendas que van desde Presidente y Vicepresidente de los Estados Unidos hasta distritos especiales locales. Además, hay 17 propuestas estatales y 16 iniciativas de ley locales. Sólo aquellas iniciativas de ley locales que tendrán un impacto en el lugar donde usted vive aparecerán en su boleta electoral.

Claramente, la boleta electoral de noviembre de 2016 es grande y con un contenido muy variado. Quiero recordarle que votar no es un examen. No es necesario que vote en cada una de las contiendas.

En noviembre, todos los votantes recibirán la misma boleta electoral independientemente de su partido político o no afiliación partidista.

Algunas contiendas permiten incluir a candidatos por escrito y otras no. La ley no permite candidatos por escrito para los cargos nominados por los electores del Senado de EE. UU., Representante de EE. UU., Senado Estatal, y la Asamblea Estatal.

En esta guía encontrará mucha información que le ayudará a tomar sus decisiones. También puede encontrar información en nuestro sitio web www.votescount.com. Existe además otro excelente sitio web en www.votersedge.com, donde los candidatos pueden publicar sin cargo información sobre ellos mismos.

Si está inscrito como para votar por correo permanente, le enviaremos por correo automáticamente su boleta electoral el 10 de octubre. Este consciente de que el correo puede demorar de 3 a 7 días.

Para facilidad de nuestros votantes, hemos instalado nuevos buzones para boletas electorales disponibles las 24 horas del día, los 7 días de la semana en cada una de las cuatro ciudades y en el Centro Gubernamental del Condado.

Estamos aquí para ayudarle y responder a sus preguntas. Por favor llámeme al 831-454-2060 o por correo electrónico info@votescount.com

¡Su voto cuenta! ¡Gracias por ser un votante!

How to vote with a paper ballot

At the polling place, you can choose to vote on a paper or touch screen ballot.

Mark your ballot

Draw a single line to connect the head and tail of the arrow that points to your choice.

Use only a blue or black ballpoint ink pen. Do not use red ink pens, Sharpies, markers or any other type of pen.

Do not sign your name on your ballot, write your initials, or write any other words or marks on your voted ballot.

To vote for a qualified write-in candidate, write their name on the blank line at the end of the list of candidates. Then connect the arrow pointing to that name.

A list of qualified write-in candidates is available at the polling place on Election Day. The list is posted on our website at www.votescount.com 13 days before the election

Check your ballot carefully

If you make a mistake ask a poll worker for a new ballot or follow the instructions in your ballot packet.

Don't vote for too many.

Vote for the number allowed.

Always connect the arrow, even on a write-in vote.

Cast your ballot at the scanner

After you have marked your ballot, take it to the scanner and insert your ballot.

If you made a mistake, such as voting for too many candidates, the scanner will eject your ballot so you can correct it.

How to vote with an electronic ballot

At the polling place, you can choose to vote on a touch screen or paper ballot.

With touch screen voting, all voters – including those with disabilities – can vote privately and independently.

1. Tell the poll worker you want to use the touch screen

- The poll worker will give you a ticket.
- Take it to the touch screen area.
- When it's your turn, a poll worker will activate the screen so you can vote.

2. Mark your ballot

- Touch the box next to your choice. A green check mark will appear.
- To change your vote, touch that choice again. The green check mark will disappear.
- To vote for a write-in candidate, touch the box that says WRITE-IN. A keyboard will pop up. Type the write-in candidate's name, then touch OK.

Who is on the ballot for this election?

In the November General Election, all voters receive the same ballot, no matter what political party you are registered with, or if you have no party preference. The address where you are registered to vote determines which contests are on your ballot.

In the June Primary Election, all Californians were able to vote to decide which candidates for federal and state offices moved on to the November General Election. Candidates for local county offices in June received enough votes to be elected without having to be in a run-off in November.

Anna G. Eshoo

For U.S. Representative, 18th District

Party Preference: Democratic

Occupation: United States Representative

Incivility, ideological polarization and the partisan divide between Congress and the White House make progress difficult in Washington. As your Congresswoman, I find ways around gridlock to advance our values, solve problems and take care of people.

American ingenuity is a treasured asset that knows no bounds. When it comes to expanding our economy and the middle class, I support policies that foster competition, encourage innovation and produce skilled, high wage jobs. Investment in education; basic scientific research; and in roads, bridges and transit systems ensures our ability to lead and compete in the global economy.

Families should not fear ruin from illness. That's why I worked to include language in the Affordable Care Act that requires coverage of those with pre-existing conditions and that eliminates the lifetime cap in health insurance policies.

To ensure an open, free and accessible Internet for all, I led the charge in Congress for the most democratic rules possible to preserve Net Neutrality, and we won. But this debate could resurface and we must be vigilant.

Unlimited spending is undermining our elections. Citizens United is wrong. Money does not equal speech. Short of overturning the decision, transparency is our best antidote. I've called for the Federal Communications Commission to require disclosure of the true source of funding for political broadcast ads and proposed that the President require government contractors to publicly report all political contributions.

My constituents are a source of strength and inspiration to me and I'd be honored to have your support.

Richard B. Fox

For U.S. Representative, 18th District

Party Preference: Republican

Occupation: Physician/Attorney

Dr. Fox: Fiscal Conservative, Social Moderate, Pro-Choice, Libertarian-Republican, Physician, Attorney.

-Grow the Economy By Balancing the Federal Budget, End Crony Capitalism, Grow Jobs and Opportunity for All, Especially the Young and Minorities.

-Promote Inclusiveness, Civility, Respect: America Is For All Ages, Incomes, Races, Ethnicities, Faiths, Genders, and Orientations.

Deficit spending and borrowing (Keynesian Economic Stimulus) aren't working. The federal debt has nearly doubled in the last eight years and the Federal Reserve's balance sheet, measuring money printing, has more than doubled in the last eight years. Obviously, this is unsustainable and our children and grandchildren will not, should not, forgive us for leaving this to them.

Furthermore, the unsustainable government spending and debt are killing the economy. The recovery from the 2008 recession is the worst since WWII (2.1% annual growth). Labor force participation is at record lows. Home ownership and affordability are the lowest in fifty years despite record low mortgage rates. Half of adults under 35 still live with parents. This economy only works for the 1%, the stock markets, and the well-connected crony capitalists. We are heading toward a permanently stagnant economy saddled with unemployment, welfarism, undignified dependency, failing schools and families, and unsustainable government pensions and debt. Think Detroit, Chicago, California, Greece, Venezuela.

For a healthy, growing economy for everyone, we need to control wasteful spending and borrowing with a Balanced Budget Amendment whereby the President and Congress don't get paid unless the budget balances.

Bill Monning

For State Senate, 17th District

Party Preference: Democratic

Occupation: California State Senator

Age: 65

Eight years ago, you sent me to Sacramento to make a difference, and I am proud of what we have been able to accomplish together.

Since joining the State Legislature, I've authored over 80 bills signed into law by the Governor, including the ground-breaking End of Life Options Act to give terminally ill patients a compassionate way to take control of their own lives – subject to strict guidelines.

After years of hard work with many key partners, the new California Central Coast Veterans Cemetery is scheduled to open this fall. My legislation in Sacramento and ability to secure funding helped break the logjam to honor those who served our nation with a final resting place, fulfilling a promise made over two decades ago.

In Sacramento, we've passed balanced, on-time budgets six years in a row and put the State's fiscal house in order. We've made great strides toward tackling our State's pension obligations while restoring critical funding to education, healthcare, and public safety.

I've earned the highest ratings from the California Labor Federation, the California League of Conservation Voters, the Sierra Club, and the Consumer Federation of California.

While our economy has recovered since the Great Recession, we must continue to focus on creating jobs by strengthening the backbones of our local economy: agriculture, tourism, and our educational institutions.

That's why I'm asking you to send me to the State Senate for another term.

Please visit www.billmonning.org. I'd be honored by your vote on November 8th. Thank you.

Bill Monning

Para Senado Estatal, Distrito 17

Preferencia de Partido: Demócrata

Ocupación: Senador Estatal de California

Edad: 65

Hace ocho años, me envió a Sacramento para hacer una diferencia y estoy orgulloso de lo que hemos logrado juntos.

Desde que me uní a la Legislatura Estatal, fui autor de más de 80 proyectos de ley que el Gobernador convirtió en leyes, e incluso la Ley de Opciones de Final de Vida, que fue muy innovadora, para dar a los pacientes con enfermedades terminales una manera compasiva de tomar el control de sus propias vidas – sujeta a pautas estrictas.

Después de años de trabajo duro con muchos socios clave, está programada la inauguración del nuevo Cementerio de Veteranos de la Costa Central de California este otoño. Mi legislación en Sacramento y mi capacidad para garantizar fondos ayudaron a desbloquear la situación para honrar a aquellos que sirvieron a nuestra nación con un lugar de descanso eterno y así cumplir una promesa realizada hace más de dos décadas.

En Sacramento, hemos aprobado presupuestos equilibrados y oportunos durante seis años seguidos y ordenamos las cuentas fiscales del Estado. Hemos hecho grandes avances para ocuparnos de las obligaciones de jubilaciones del Estado mientras restauramos los importantes fondos para educación, atención médica y seguridad pública.

Obtuve los puntajes más altos de la Federación Laboral de California, la Liga de Votantes Conservadores de California, el Club Sierra y la Federación de Consumidores de California.

Mientras que nuestra economía se ha recuperado desde la Gran Recesión, debemos continuar concentrándonos en crear empleos mediante el fortalecimiento de los pilares de nuestra economía local: agricultura, turismo y nuestras instituciones educativas.

Es por eso que le estoy pidiendo que me envíe al Senado Estatal para otro período.

Por favor visite www.billmonning.org. Sería un honor tener su voto el 8 de noviembre. Gracias.

Palmer Kain

For State Senate, 17th District

Party Preference: Republican

Occupation: Community Volunteer

Age: 37

During my service in the U.S. Army stationed overseas, I developed a powerful work ethic and was instilled with a deeper commitment to duty, honor and justice. I have built a strong track record as a capable manager of people, resources and logistics while proving myself as a leader who fosters unity and consensus to complete any mission he is chosen to lead. My mission as your next State Senator is to defend the freedom, rights, and quality of life of all citizens of the 17th District.

In more than twenty years of experience in local, state, and national politics, I have learned how to create tangible, positive change in a system that often suppresses it. For decades, our district and state have used short-term solutions for long-term problems. The consequences being a rise in crime, homelessness, unemployment, tax rates, public corruption and inequality. We cannot afford to be complacent anymore. Sacramento has no long-term sustainable action plans, I do.

Sacramento has chosen to serve the needs of special interest groups while neglecting the people of California. I will return the power back to the people, to usher in a new era of transparency, accountability, and community engagement in politics. There is a new day dawning in California. Visit palmerkain.org to see my vision and plan. Vote for Palmer Kain on November 8, and I promise to work hard in your best interest as your next State Senator. Let's shatter the status quo and transform California together.

Mark Stone

For State Assembly, 29th District

Party Preference: Democratic

Occupation: Assemblymember

Age: 59

For nearly twenty years, I have fought to improve our quality of life in California as a School Board Member, County Supervisor, Coastal Commissioner and your Assemblymember. You sent me to Sacramento to advocate for the rights of people in the 29th Assembly District and across our state. During my service in the Assembly, I have prioritized protecting the most vulnerable Californians. I authored comprehensive reforms to help foster youth grow up in supportive homes. I jointly wrote the End of Life Options Act to help people facing terminal illness. I led the movement to create a state Earned Income Tax Credit to lift the state's poorest working families out of poverty. I helped improve access to justice in the court system, and I wrote a variety of laws to improve public safety, and to help people released from prison successfully integrate into their communities, and decrease their chances of reoffending.

As a dedicated environmentalist, I have remained steadfast against strong opposition to critical environmental protections. I advocated for landmark climate-change laws, and laws to provide clean drinking water, increase water recycling, and improve groundwater management. I was a key voice for California's 2014 plastic bag law to reduce plastic pollution.

It is an honor to have the support of so many elected officials, respected business leaders, education, and health care professionals and the environmental community. I hope that I have earned your vote.

Mark Stone

Para Asamblea Estatal, Distrito 29

Preferencia de Partido: Demócrata

Ocupación: Miembro de la Asamblea

Edad: 59

Por cerca de veinte años, he luchado para mejorar nuestra calidad de vida en California como Miembro de la Junta Escolar, Supervisor del Condado, Comisionado Costero y su Miembro de la Asamblea. Usted me mandó a Sacramento para defender los derechos de la gente en el Distrito de Asamblea 29 y en todo nuestro estado. Durante mi servicio en la Asamblea, he puesto como prioridad la protección de los habitantes de California más vulnerables. Fui autor de reformas integrales para ayudar a promover el crecimiento de los jóvenes de cuidado en hogares que los apoyen. Redacté conjuntamente la Ley de Opciones para el Final de la Vida para ayudar a las personas que se enfrentan a una enfermedad terminal. Dirigí el movimiento para crear un Crédito del Impuesto sobre la Renta de California, para sacar de la pobreza a las familias trabajadoras más pobres del estado. Ayudé a mejorar el acceso a la justicia en el sistema judicial, y redacté diversas leyes para mejorar la seguridad pública, y para ayudar a las personas liberadas de prisión a que se integren satisfactoriamente a sus comunidades, y disminuir las posibilidades de que reincidan.

Como una persona dedicada a la protección del medio ambiente, he luchado firmemente en contra de la oposición a importantes protecciones ambientales. He defendido las leyes relevantes sobre el cambio climático, y las leyes para el suministro de agua potable limpia, el aumento del reciclaje del agua, y la mejora de la gestión de aguas subterráneas. Fui una voz clave para aprobar la ley sobre el uso de bolsas de plástico de California de 2014 para reducir la contaminación por plástico.

Es un honor contar con el respaldo de muchos funcionarios electos, líderes respetados en el ámbito de los negocios, profesionales de la educación, y la atención médica y la comunidad ambiental. Espero haberme ganado su voto.

Kim Shultz**For Scotts Valley Unified School Board Member****Occupation: Incumbent****Age: 64**

Fifteen years ago my family was drawn to Scotts Valley by the excellent school system and surrounding environment. Our two boys attended local schools and went on to 4-year universities. Through this period I have helped manage the design and construction of projects totaling 143 million dollars for the Regional Transportation Commission and my wife, Patrizia Materassi, and I have engaged in a variety of civic and community activities.

As a member of the Scotts Valley Unified School District, Board of Trustees since 2013, I have served as Treasurer of the Measure A campaign to rebuild the Scotts Valley Middle School and sub-committees to recommend the middle school architect, construction team, and the Scotts Valley Sports Complex, and worked to strengthen the District's budget.

My personal goals for the upcoming term:

Construct the Middle School on time and within budget.

Promote a higher level of engagement in elementary school classrooms, the middle school Academy, and the high school International Baccalaureate and Regional Occupational Programs.

Support professional development of teachers and student counseling, expand arts and music programs to compliment math and science curriculum, and improve sports facilities.

Insist on sustainable and transparent budgets.

Please let me know your vision for Scotts Valley's schools at: kmshultz@yahoo.com. Thank you for your support.

Michael Shulman**For Scotts Valley Unified School Board Member****Occupation: Incumbent****Age: 58**

Our District was in turmoil when I joined the board in 2008. Since then, we have consistently achieved strong student performance while rebuilding excellent staff and community relations. All four Scotts Valley schools have won state level recognition, our finances are tight but positive, and our focus remains on graduating good citizens ready for college or career. It is an honor to be part of such success.

My primary goals in seeking a 3rd term are to support our newly hired superintendent and to help the middle school project stay on track. Beyond these short term issues, my ongoing goals are to retain our best teachers and provide a comprehensive program of academics, sports, arts, and career education. It is an ambitious agenda that will require creativity and collaboration in times of significant and unexpected challenges.

Our excellent teaching, administrative, and support staff all benefit from a stable and experienced school board, whose role is to guide but not to meddle. I have a lengthy history of Scotts Valley civic participation that allows me to recognize and capitalize on approaches likely to work well in our community. I would appreciate your vote so I can continue to serve in this role.

Cathie Simonovich**For Scotts Valley Unified School Board Member****Occupation: Small Business Owner****Age: 52**

I look forward to bringing my education experience, along with my business experience to the Scotts Valley School Board. My husband and I have lived in Scotts Valley for over 17 years, where we have raised our children and own a small business. Our three children attended Scotts Valley schools from kindergarten through high school, with two having already graduated and one in her junior year. I have been a regular volunteer in the classroom, and active in the PTA. I also worked at Vine Hill Elementary as a Life Lab Aide, an Academic Intervention Aide, and a Physical Education Aide.

Additionally, I was a substitute teacher and worked regularly in that capacity at both Vine Hill Elementary and Scotts Valley Middle School. I feel strongly that the needs of the students should always come first, and I have done my very best to emulate this when working in the district. I am excited for the opportunity to be on the Scotts Valley School Board, and am confident that my experience working in the district as well as my business background will make me a valuable team player on the school board.

Sue Roth**For Scotts Valley Unified School Board Member****Occupation: Incumbent****Age: 71**

For 12 years, I have served as an effective Trustee for Scotts Valley Unified School District focused on maintaining quality educational programs, hiring and retaining quality teachers and staff including a parcel tax to sustain teacher staffing levels during the economic downturn, passing a bond for rebuilding our middle school, and keeping a balanced budget. Our students continue to achieve. Our schools are recognized in the top 10% of schools in California with a 97% graduation rate and 97% of our students continuing on to higher education.

I have committed myself for over 40 years to strengthening our youth and community. I will work actively and collaboratively with students, parents, schools, community, and businesses to keep our schools strong and effective. Good schools equate to a healthy, vibrant, and active community.

Student achievement through quality educational programs, fiscal responsibility, teacher retention, facilities, legislative advocacy, and open communication will be my continued focus. Our youth is our future. Quality education is their key.

I hope that I have earned your support and to continue to represent you as a Trustee of the Scotts Valley Unified School District.

<p>Vote YES on D to Get Santa Cruz County Moving! Whether we travel on foot, by bicycle, car or bus we all agree it should be safer, faster and easier to get where we're going.</p> <p>Many local streets and roads are in poor condition, highways are crowded and public transportation suffers from state and federal budget cuts. Argument Against Measure D	Reply Rebuttal to argument against Measure D
<p>Measure D will not provide our County with the effective transportation system we need.</p> <p>Measure D would waste \$100 million to add lanes to Highway 1. A survey of highway studies conducted at UC Davis concludes that adding lanes does not improve traffic flow over the long term. The Caltrans Environmental Impact Report on Highway 1 confirms that there would be negligible congestion relief from the proposed project due to an increase in auto traffic (see our website for details: https://WideningWontWork.org)</p> <p>Cities and counties in the S.F. Recently introduced commuter benefits programs offered through employers eliminated 4.2 million solo vehicle trips and their associated emissions in 12 months. Impartial analysis of Measure D

Dana McRae, County Counsel

By Jane M. Scott, Assistant County Counsel

If this measure is approved by at least two-thirds of those voting on it, it will enact ordinance no. 2016-01 of the Santa Cruz County Regional Transportation Commission. The ordinance will cause the retail transactions and use tax rates ("sales tax") imposed within Santa Cruz County to increase by half of one percent for a thirty-year period in order to pay for the transportation projects described in the ordinance and its expenditure plan which are printed in the ballot pamphlet. If approved, it is expected to take effect in or around April 2017.

The ordinance sets out accountability requirements, as well as exemptions and exclusions from the new tax. It also establishes that the constitutional appropriations limit will include the taxes which are collected. The sales tax increment proposed by this measure would apply within the cities as well as the unincorporated areas of the County. Those jurisdictions have differing sales tax rates for the transactions within their boundaries. Currently and prior to this proposed increase, the sales tax rates are: 8.75% within the cities of Capitola, Santa Cruz, and Scotts Valley; 9.0% within the City of Watsonville; and 8.25% in the unincorporated areas of the County. Following this election, the rates would be subject to further change as might be permitted or required by State law.

This election was requested by the Santa Cruz County Regional Transportation Commission, and was called by the Santa Cruz County Board of Supervisors as requested by the Commission.

A "yes" vote is to adopt the ordinance and approve the increase in the sales tax.

A "no" vote is against the increase in the sales tax.

- D. To adopt a Retail Transactions and Use Tax ordinance that can be administered in a manner that will be, to the greatest degree possible, consistent with the provisions of Division 19 (commencing with Section 180000) of the California Public Utilities Code and Part 1.6 of Division 2 of the Revenue and Taxation Code, minimize the cost of collecting the transactions and use taxes, and at the same time, minimize the burden of record keeping upon persons subject to taxation under the provisions of this ordinance.

Local ballot measure: D

included in this Ordinance, consistent with the provisions and priorities of the Ordinance and Expenditure Plan, consistent with the authority cited herein.

Section 7. CREATION OF SPECIAL FUND. The Authority shall establish a new fund entitled "Transportation Tax Regional Transportation Fund". All Transportation Tax Revenue, plus interest, will be deposited in the special fund. The fund authorized hereunder will be administered by the Authority pursuant to this Ordinance and the provisions of Division 19 (commencing with Section 180000) of the California Public Utilities Code, and Part 1.6 (commencing with Section 7251) of Division 2 of the California Revenue and Taxation Code.

Section 8. IMPLEMENTATION.

- A. Projects and programs funded in the Expenditure Plan will be implemented over the 30-year time horizon of the Transportation Tax. Three types of investments are funded by the Expenditure Plan: investment categories which are allocated a percentage of net revenues, capital investments which are allocated specific dollar amounts, and ongoing direct allocations of a percentage of net revenues to be distributed to cities, the County of Santa Cruz, and transit operators for capital projects and operations. Capital investments will be made based upon clearly defined project descriptions and limits resulting from the outcomes of environmental analyses, as applicable. The Authority shall distribute revenues no less than quarterly to local jurisdictions, the Santa Cruz Metropolitan Transit District, and the Consolidated Transportation Service Agency based on the formulas set forth in the Expenditure Plan, in accordance with the Act and this Ordinance.
- B. The Santa Cruz County Regional Transportation Commission, which currently allocates, administers and oversees the expenditure of federal, state and Transportation Development Act funding for local and regional transportation projects and programs, in its role as the Authority shall allocate, administer and oversee the expenditure of all Measure Revenues which are not directly allocated by formula annually to other agencies, consistent with the Expenditure Plan, as it may be amended in accordance with the Act and this Ordinance through an Implementation Plan, which it will update at least every 5 years, following a public hearing. The purposes of the Implementation Plan are to define the scope, cost, and delivery schedule of each Expenditure Plan project or program, detail the revenue projections and possible financing tools needed to deliver the Expenditure Plan within the 30 years promised to voters, and describe the risks, critical issues and opportunities that the Authority should address to expeditiously deliver the Expenditure Plan. The Implementation Plan may be amended by a majority vote of the Authority, however, amendment of the Implementation Plan shall not serve to amend provisions of the Expenditure Plan.
- C. Agencies implementing the Expenditure Plan projects may accumulate revenue over multiple years so that sufficient funding is available for larger and long-term projects. Any interest income earned on funds allocated pursuant to this ordinance shall be expended only for the purposes for which the funds were allocated.

Section 9. LEVERAGING FUNDS. Leveraging or matching of outside funding sources is strongly encouraged. Any additional transportation revenues made available through their replacement by matching funds will be spent based on the principles outlined for fund allocations described in the Ordinance and Expenditure Plan.

Section 10. BONDING AUTHORITY. Pay-as-you-go financing is the preferred method of financing transportation improvements and programs under this Ordinance. However, if determined by the board of the Authority to be cost effective and to accelerate implementation of projects, the Authority may decide to use bond financing as an alternative method. Upon voter approval of this Ordinance, the Authority shall have the power to sell or issue, from time to time, on or before the collection of taxes, bonds, or other evidence of indebtedness, in an aggregate principal amount at any one time outstanding not to exceed the estimated proceeds of the Transportation Tax, and to secure such indebtedness solely by way of future collection of the Transportation Tax, for capital outlay expenditures for the purposes set forth in this Ordinance, including, but not limited to, carrying out the transportation projects described in the Expenditure Plan, consistent with the Section 180250 of the Public Utilities Code.

Section 11. COOPERATIVE FUND AGREEMENTS. To maximize the effective use of funds, revenues may be transferred or exchanged between or among jurisdictions receiving funds from this measure. Jurisdictions receiving funds may, by annual or multi-year agreement, exchange funds provided that the percentage of funds allocated as provided in the Expenditure Plan is maintained over the duration of the period of time the tax is imposed. Agreements to exchange funds, including fund repayment provisions, must be approved by the Authority and shall be consistent with all rules adopted or approved by the Authority relating to such exchanges. The Authority may exchange revenues for State or federal funds allocated or granted to any public agency within or outside the area or jurisdiction of the Authority to maximize effectiveness in the use of the revenues. Such federal or State funds shall be distributed in the same manner as revenues derived from this ordinance. The Authority shall maintain for public review an accounting of all balances that are subject to cooperative agreements approved pursuant to this section.

Section 12. ADMINISTRATIVE AND IMPLEMENTATION COSTS.

- A. The Authority shall expend only that amount of the Transportation Tax Revenue for staff support, audit, administrative expenses, and contract services that is necessary and reasonable to carry out its responsibilities pursuant to Division 2 of the Revenue and Taxation Code. Pursuant to Section 180109 of the Public Utilities Code, the Authority shall not expend more than one percent of the funds generated pursuant to Division 19 of the Code for administrative salaries and benefits net of the amount of fees paid to the State Board of Equalization for collection of the transactions and use tax and prior to the distribution of the Transportation Tax Revenue as provided in the Expenditure Plan (Exhibit A).
- B. In order to ensure that the cost of administration, implementation and oversight this Measure are not borne by other programs and sources, such as Transportation Development Act-funded programs, any funds necessary for administrative, implementation and oversight of the Ordinance and Transportation Tax shall be paid by Measure Revenues. These functions include audits, programming processes, reporting, financial management, compiling and publishing an annual report, providing public information concerning the Ordinance, rent, supplies, consulting services, overhead, legal, other responsibilities as may be necessary to administer the Ordinance and Expenditure Plan. Costs of performing or contracting for project-related work shall be paid from the revenues of the Transportation Tax allocated to the appropriate purpose and project.

Section 13. EXECUTION OF DUTIES. The Authority may engage, contract with, employ and compensate any public or private agency, party, contractor or professional, in accordance with the Public Contract Code and/or any of the provisions for public employment of profession services for public agencies, for the planning, finance, approval, design, construction, acquisition of right of way, maintenance, operation, control and repair of any road, highway, bus, rail or other transportation facility. However, the Authority shall not be responsible for the maintenance or operation of any State highway facilities following construction contract completion.

Section 14. ELECTION. The Authority requests the Board of Supervisors to call an election for voter approval of this Ordinance, which election shall be held on November 8, 2016. The election shall be called and conducted in the same manner as provided by law for the conduct of elections by a county. Pursuant to Section 180203 of the Public Utilities Code, the sample ballot to be mailed to the voters shall be the full proposition as set forth in this Ordinance, and the voter information handbook shall include the Expenditure Plan. Approval of this Ordinance, and imposition of the Transportation Tax, shall require the affirmative vote of a two-thirds (2/3) majority of the electors voting on this measure at the election described in this section. The proposition to be placed on the ballot shall read substantially as follows:

“Safety, Pothole Repair, Traffic Relief, Transit Improvement Measure. In order to: improve children’s safety around schools; repair potholes; repave streets; improve traffic flow on Highway 1; maintain senior/disabled transit; reduce global warming pollution by providing transportation options like sidewalks, buses, bike lanes, trails; preserve rail options; shall Santa Cruz County voters adopt an ordinance establishing a half-cent sales tax for 30 years, raising approximately \$17 million annually, requiring citizen oversight, independent audits, and funds spent locally?

YES ___ NO ___”

Section 15. ELECTION COSTS. The County of Santa Cruz shall be reimbursed for its cost in conducting the election if the measure is approved per Section 180203(a) of the Public Utilities Code. Election costs will be funded from Year 1 Measure Revenues before net proceeds are disbursed to the projects and programs in the Expenditure Plan.

Reimbursement of the County of Santa Cruz for the costs of this election shall be deferred until it can be paid from the Measure Revenues collected when the Transportation Tax goes into effect.

Section 16. CONTRACT WITH STATE. Prior to the operative date of this Ordinance, the Authority shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of this transactions and use tax ordinance; provided, that if the Authority shall not have contracted with the State Board of Equalization prior to the operative date, it shall nevertheless so contract and in such a case the operative date shall be the first day of the first calendar quarter following the execution of such a contract.

Section 17. TRANSACTIONS TAX RATE. For the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers in the incorporated and unincorporated territory of the County at the rate of one-half of one percent (0.5%) of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in said territory on and after the operative date of this Ordinance.

Local ballot measure: D

Section 18. PLACE OF SALE. For the purposes of this Ordinance, all retail sales are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the state sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the State or has more than one place of business, the place or places at which the retail sales are consummated shall be determined under rules and regulations to be prescribed and adopted by the State Board of Equalization.

Section 19. USE TAX RATE. An excise tax is hereby imposed on the storage, use or other consumption in the County of tangible personal property purchased from any retailer on and after the operative date of this ordinance for storage, use or other consumption in said territory at the rate of one-half of one percent (0.5%) of the sales price of the property. The sales price shall include delivery charges when such charges are subject to state sales or use tax regardless of the place to which delivery is made.

Section 20. ADOPTION OF PROVISIONS OF STATE LAW. Except as otherwise provided in this ordinance and except insofar as they are inconsistent with the provisions of Division 19 (commencing with Section 180000) of the California Public Utilities Code and Part 1.6 of Division 2 (commencing with Section 7251) of the Revenue and Taxation Code, all of the provisions of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code are hereby adopted and made a part of this Ordinance as though fully set forth herein.

Section 21. LIMITATIONS ON ADOPTION OF STATE LAW AND COLLECTION OF USE TAXES. In adopting the provisions of Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code:

- A. Wherever the State of California is named or referred to as the taxing agency, the name of this Authority shall be substituted therefor. However, the substitution shall not be made when:
 1. The word "State" is used as a part of the title of the State Controller, State Treasurer, Victim Compensation and Government Claims Board, State Board of Equalization, State Treasury, or the Constitution of the State of California;
 2. The result of that substitution would require action to be taken by or against this Authority or any agency, officer, or employee thereof rather than by or against the State Board of Equalization, in performing the functions incident to the administration or operation of this Ordinance.
 3. In those sections, including, but not necessarily limited to sections referring to the exterior boundaries of the State of California, where the result of the substitution would be to:
 - a. Provide an exemption from this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not otherwise be exempt from this tax while such sales, storage, use or other consumption remain subject to tax by the State under the provisions of Part 1 of Division 2 of the Revenue and Taxation Code, or;
 - b. Impose this tax with respect to certain sales, storage, use or other consumption of tangible personal property which would not be subject to tax by the state under the said provision of that code.
 4. In Sections 6701, 6702 (except in the last sentence thereof), 6711, 6715, 6737, 6797 or 6828 of the Revenue and Taxation Code.
- B. The word "County" shall be substituted for the word "State" in the phrase "retailer engaged in business in this State" in Section 6203 and in the definition of that phrase in Section 6203.

Section 23. EXEMPTIONS AND EXCLUSIONS.

- A. There shall be excluded from the measure of the transactions tax and the use tax the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law or the amount of any state-administered transactions or use tax.
- B. There are exempted from the computation of the amount of transactions tax the gross receipts from:
 1. Sales of tangible personal property, other than fuel or petroleum products, to operators of aircraft to be used or consumed principally outside the County in which the sale is made and directly and exclusively in the use of such aircraft as common carriers of persons or property under the authority of the laws of this State, the United States, or any foreign government.

Local ballot measure: D

2. Sales of property to be used outside the County which is shipped to a point outside the County, pursuant to the contract of sale, by delivery to such point by the retailer or his agent, or by delivery by the retailer to a carrier for shipment to a consignee at such point. For the purposes of this paragraph, delivery to a point outside the County shall be satisfied:
 - a. With respect to vehicles (other than commercial vehicles) subject to registration pursuant to Chapter 1 (commencing with Section 4000) of Division 3 of the Vehicle Code, aircraft licensed in compliance with Section 21411 of the Public Utilities Code, and undocumented vessels registered under Division 3.5 (commencing with Section 9840) of the Vehicle Code by registration to an out-of-County address and by a declaration under penalty of perjury, signed by the buyer, stating that such address is, in fact, his or her principal place of residence; and
 - b. With respect to commercial vehicles, by registration to a place of business out-of-County and declaration under penalty of perjury, signed by the buyer, that the vehicle will be operated from that address.
 3. The sale of tangible personal property if the seller is obligated to furnish the property for a fixed price pursuant to a contract entered into prior to the operative date of this ordinance.
 4. A lease of tangible personal property which is a continuing sale of such property, for any period of time for which the lessor is obligated to lease the property for an amount fixed by the lease prior to the operative date of this ordinance.
 5. For the purposes of subparagraphs (3) and (4) of this section, the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

- B. The Ordinance and Expenditure Plan may only be amended, if required, by the following process set forth in Section 180207 of the Public Utilities Code: (1) Initiation of amendments by the Authority reciting findings of necessity; (2) Provision of notice and a copy of the amendments provided to the Board of Supervisors and the City Councils in Santa Cruz County; (3) The proposed amendments shall become effective 45 days after notice is given. Section 26. MAINTENANCE OF EFFORT. Existing funds, revenues and other resources being used for transportation purposes include but are not limited to federal and state funding, the collection of traffic impact mitigation fees, other local impact fees, and dedications of property. The funds generated by the Transportation Tax shall not be used to replace existing transportation funding or to replace requirements for new development to provide for its own transportation needs. The entities receiving Measure Revenues shall maintain their existing commitment of discretionary local transportation-related expenditures for transportation purposes pursuant to this ordinance, and the Authority shall enforce this Section by appropriate actions, including fiscal audits of the local agencies.

Section 27. ENJOINING COLLECTION FORBIDDEN. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against the State or the Authority, or against any officer of the State or the Authority, to prevent or enjoin the collection under this ordinance, or Part 1.6 of Division 2 of the Revenue and Taxation Code, of any tax or any amount of tax required to be collected.

Section 28. ANNUAL APPROPRIATIONS LIMIT. The annual appropriations limit of the Authority pursuant to Section 4 of Article XIII B of the California Constitution and Section 180202 of the Public Utilities Code shall be established at a sum equal to the amount of all proceeds of the Transportation Tax collected annually, and as defined by said Article XIII B. The appropriations limit shall be subject to adjustment as provided by law.

Section 29. SEVERABILITY. If any provision of this ordinance or the application thereof to any person or circumstance is held invalid or unenforceable by a court of competent jurisdiction, the remainder of the ordinance and the application of such provision to other persons or circumstances shall not be affected thereby, and the Authority declares that it would have passed each part of this Ordinance irrespective of the validity of any other part.

Section 30. CAPTIONS. The titles and headings to the sections set forth in this ordinance are not part of this ordinance and shall have no effect upon the construction or interpretation of any part hereof.

Section 31. ENVIRONMENTAL. This Ordinance is not a project as defined in Section 15378 of the California Environmental Quality Act (CEQA) Guidelines and is therefore exempt from CEQA requirements. Approval of this Ordinance and Expenditure Plan does not commit to implementation of any specific project or activity listed herein. Prior to commencement of any specific project or activity identified in the Expenditure Plan, applicable provisions of the California Environmental Quality Act (CEQA) shall be completed.

Section 32. TAXPAYER SAFEGUARDS, AUDITS, AND ACCOUNTABILITY. Accountability is of utmost importance in delivering public investments with public dollars. In order to ensure accountability, transparency and public oversight of all funds collected and allocated under this Measure and to comply with state law, all of the following shall apply:

Local ballot measure: D

Annual Report.** Each agency receiving Measure Revenue shall annually adopt, after holding a public hearing, an annual report which includes 1) a five-year program of projects including information about each of the projects to be funded with Measure Revenues allocated according to the Expenditure Plan. Local and regional agencies shall submit their program of projects to the Authority in a format that can be easily understood by members of the public. 2) Description of expenditures of Measure Revenues from the most recently completed fiscal year. The purpose of requiring the most recently completed fiscal year expenditures is to allow the Authority to prepare a comprehensive report to the public on the expenditure of funds generated by this Ordinance.
- B. Annual Audit.** No less than annually, an independent annual audit shall be conducted of the expenditure of all funds generated by the transportation tax. The audit, which shall be made available to the public, shall report on evidence that the expenditure of funds is in accordance with this Plan as adopted by the voters in approving the Ordinance on November 8, 2016. The Authority will also prepare a publicly available annual report on past and upcoming activities and publish an annual financial statement.
- C. Independent Oversight Committee.** An Independent Oversight Committee shall be formed by the Board of Directors of the Authority to review the annual independent fiscal audit of the expenditure of the Transportation Tax funds and issue an annual report on its findings regarding compliance with the requirements of the Expenditure Plan and the Ordinance to the Authority Board of Directors. The total membership of the Independent Oversight Committee shall not exceed five (5) members and any vacancy which may occur from time to time shall be filled by the Board of Directors of the Authority as soon as reasonably possible.
- Members of the Independent Oversight Committee shall be residents of Santa Cruz County who are neither elected officials of any government, nor employees from any agency or organization that either oversees or implements projects funded from the proceeds of the sales tax. DESCRIPTION OF PROJECTS AND PROGRAMS TO BE FUNDED

The Expenditure Plan identifies transportation projects to be funded from a new one-half of one percent transactions and use tax, to be collected for thirty (30) years, if two-thirds of voters approve the ballot measure in 2016. The Expenditure Plan is presented to the voters of Santa Cruz County as a means to address insufficient funding to meet current and projected transportation needs in Santa Cruz County. Given current sales tax receipts, one-half of one percent transaction and use tax is expected to generate \$17 million a year in 2016 dollars, totaling approximately \$500 million for transportation investments. These local funds can be used to leverage state and federal transportation funds

Local ballot measure: D

that would otherwise be unavailable. The investments described in the Expenditure Plan reflect the best efforts to achieve consensus among varied transportation needs of Santa Cruz County residents.

Three types of investments are funded in the Expenditure Plan: investment categories which are allocated a percentage of net revenues, capital investments which are allocated specific dollar amounts, and ongoing direct allocations of a percentage of net revenues to cities, the County of Santa Cruz, and transit operators for capital projects and operations. The following describes the investments funded by the Santa Cruz County 2016 Transportation Improvement Plan - Expenditure Plan.

Neighborhood Projects – 30% per year

Direct Allocation to Cities and County

The existing local street and road, bicycle, and pedestrian systems are critical to the everyday movement of people within the county. Much of the local roadway system is aging, has potholes, and is in need of major repair. Continued deferred maintenance will result in an exponential increase in the cost of maintaining the roadway system. Additionally, many sections of the county currently have inadequate facilities for bicyclists and pedestrians to travel safely. Current resources, without generation of new revenues for transportation, cannot provide adequate funding to maintain the local roadway system at the level necessary to adequately serve the public or expand the bicycle and pedestrian system to encourage more users.

Approximately \$135 million (\$4.5 million per year) in Measure Revenues will be allocated to the cities of Capitola, Santa Cruz, Scotts Valley, and Watsonville and the County of Santa Cruz for transportation projects. Projects to be funded with Measure Revenues may include: fixing potholes, local roadway repairs, rehabilitation, reconstruction and intersection improvements; new and improved sidewalks, crosswalks and bicycle lanes and paths, especially near schools; and other transportation projects as necessary for the benefit of residents in those jurisdictions. The County of Santa Cruz and the cities of Capitola, Santa Cruz, Scotts Valley and Watsonville, who are best able to determine their local transportation needs, shall each prepare an annual report through a public process to identify how they plan to spend their share of measure funds and how measure funds were spent in the prior year.

Funds will be distributed at least quarterly to cities and the County of Santa Cruz based on each jurisdiction's proportional share of the countywide population (29%), lane miles of roadway (39%) and site where the Measure Revenue from the transaction and use tax is generated (32%). Population, road mile, and tax site generation figures will be updated each year based on the latest available data.

San Lorenzo Valley Highway 9 Corridor

Ten (\$10) million in Measure Revenues is designated for transportation projects improving travel for residents of San Lorenzo Valley. Example projects may include:

- Safety projects for people walking, biking or driving in the Highway 9 corridor through San Lorenzo Valley
- Projects that provide safe access to schools along or near Highway 9
- Intersection and signal improvements
- Bicycle lanes, paths and/or signage
- Accessible pedestrian crosswalks and sidewalks, including lighting and flashing pedestrian beacons that increase visibility
- Improved access to bus stops and bus service

Highway 17 Wildlife Crossing

Highway 17 is a major connection between the Monterey Bay Region and San Francisco Bay Area. The dense traffic, concrete median barriers, and lack of drainage culverts and/or bridge undercrossings makes Highway 17 a major barrier for wildlife moving through the Santa Cruz Mountains. Mountain lions, bobcats and deer have all been hit trying to cross Highway 17 which also makes it dangerous for the motorists. Five (\$5) million in Measure Revenues will be allocated for construction of a safe passage for wildlife to cross under Highway 17. This project will improve safety for both drivers and wildlife.

Highway Corridors – 25%

Aging highway systems continue to operate under high traffic volumes as population, and thus demand for moving people and goods increases. State highways provide essential mobility for Santa Cruz County residents, businesses, and visitors. The highway corridors are the region's main thoroughfares with Highway 1 carrying over 100,000 people daily. Measure Revenues are needed to improve traffic flow and safety as state and federal formula funds do not fund most highway improvements in Santa Cruz County. Measure Revenues (25% or approximately \$125 million total) will be allocated to Highway 1 and Highway 17 corridor projects to increase the safety and efficiency of these corridors in Santa Cruz County.

Local ballot measure: D

Highway 1 Corridor

Highway investments included in the Expenditure Plan, improve traffic flow and safety on Highway 1, especially for South County and Mid-County commuters, small businesses, bus riders and first responders (law enforcement, fire, medical) by adding auxiliary lanes between three interchanges: 41st Ave-Soquel Dr; Bay Ave/Porter St-Park Ave; and State Park Dr-Park Ave. Auxiliary lanes are lower cost highway projects that can improve flow by separating entering or exiting traffic from the through lanes. Approximately 10% of all of the injuries and fatalities in Santa Cruz County in 2013 occurred between Soquel Dr and Park Ave on Highway 1. Auxiliary lanes can help to improve safety on this high traffic volume corridor.

New bridges for cyclists and pedestrians

Highways can separate neighborhoods and make it harder to ride a bike or walk to access locations of interest. In order to improve bicycle and pedestrian movement between neighborhoods, employment, retail, medical, and recreation sites on either side of Highway 1, Measure Revenues can be used to construct bicycle/pedestrian bridges crossing over Highway 1 including crossings in Live Oak near Chanticleer Avenue and in Aptos/Seacliff near Mar Vista Elementary School. Measure Revenues can also improve bicycle and pedestrian facilities on existing crossings.

Traveler Information and Transportation Demand Management

The efficiency of the existing transportation system can be increased by promoting use of transit, carpooling, vanpooling, as well as bicycling and walking. Transportation demand management strategies can reduce the number of vehicles on our roadways especially during peak periods. Examples of transportation demand management programs that could be funded by this measure include "Cruz511", the traveler information service for Santa Cruz County, and carpool/vanpool programs.

Highway Safety and Congestion Reduction Programs

Improving safety is a primary goal of this measure. Programs that reduce fatal and injury collisions on highways and reduce congestion are also funded by Measure Revenues. Examples of programs that improve safety and reduce congestion are the Safe on 17 Task Force and the Freeway Service Patrol (roving tow trucks that remove stalled or disabled vehicles, debris, and other obstructions that may cause backups).

Transportation for Seniors and People with Disabilities – 20% per year

Direct Allocation to Service Providers

Seniors and disabled persons make up an increasing percentage of Santa Cruz County's population. For seniors and persons with disabilities, access to healthcare, social services, shopping, and recreation is key to quality of life. A number of specialized transportation programs have been implemented which meet specialized needs for transportation to medical services, social service programs, shopping and other purposes that cannot be met by conventional bus transit. An aging population will require maintenance and expansion of transit and paratransit services for elderly and disabled residents into the future.

Measure Revenues (16% or approximately \$2.75 million per year) will be distributed to Santa Cruz Metropolitan Transit District (METRO) to provide transit and paratransit service for seniors and people with disabilities. Measure Revenues (4% or approximately \$680,000 per year) will be allocated to the Consolidated Transportation Services Agency for Santa Cruz County (Community Bridges-Lift Line) for paratransit service. Paratransit works with social service agencies to increase transportation options for seniors, individuals with disabilities, and persons with low incomes. Funds will be distributed at least quarterly.

Active Transportation – 17%

Monterey Bay Sanctuary Scenic Trail (Coastal Rail Trail)

Measure Revenues (17% or approximately \$85 million total) will be allocated for the Monterey Bay Sanctuary Scenic Trail Network, otherwise known as the Coastal Rail Trail, for people walking and bicycling along the coast in Santa Cruz County. The coastal rail and trail corridor connects Watsonville, Aptos, Capitola, Live Oak, Santa Cruz, and Davenport and links to trails in Monterey County. The trail offers spectacular views of the Monterey Bay, historic trestles, and a flat surface free of automobile traffic. This trail will provide kids, commuters and recreational bicyclists and walkers a safe and enjoyable way to travel. Funds will be used for trail construction, maintenance, operation, management and drainage of the rail and trail corridor and will leverage other state and federal grants for completion of the trail network.

Rail Corridor – 8%

Infrastructure Preservation and Analysis of Options

Eight percent of Measure Revenues (approximately \$40 million total) will be used for preservation of the Rail Corridor infrastructure and analysis of its future potential use to better serve Santa Cruz County residents and visitors. Projects

Local ballot measure: D

include analysis (including environmental and economic analysis) to answer important community questions about possible future transit and other transportation uses of the corridor through an open, transparent public process; and maintaining and repairing the publicly-owned Santa Cruz Branch Rail Line. The Measure Revenues do not include funding for any new train/rail service. If the Regional Transportation Commission determines that the best use of the corridor is an option other than rail transit, funds may be utilized for other transportation improvements along and near the corridor.

Notes

(1) Estimated revenues from a ½-cent transaction and use tax are \$17 million per year (in 2016 dollars) for 30 years. The present value (i.e., present day purchasing power) of the Measure Revenues is forecasted to be approximately \$500 Million. The actual revenues to be received over the 30-year life of the tax will be affected by various economic factors, such as inflation and economic growth or decline. The estimated amounts for each category reflect the allocation of approximately \$500 Million. The estimated amounts for each category, divided by \$500 Million, establishes ratios for the allocation among the categories. While total revenues will vary, the net percentages to each investment category will remain constant over the 30-year life of the tax.

(2) Percentages are net after costs required for administration, implementation and oversight of the measure -- including annual independent fiscal audits, reports to the public, preparation and implementation of state-mandated reports, oversight committee, and other administration, implementation and oversight responsibilities as may be necessary to administer and implement the Ordinance and the Expenditure Plan. Administrative salaries and benefits shall not exceed 1% of total Measure Revenues.

(3) If bonding is used to advance implementation of any of these projects, finance costs will be paid from the percent of funds designated for the associated investment category.

(4) It is anticipated that a portion of the total costs of the projects included in the Expenditure Plan will also be funded from federal, state, and local sources, as described in the Regional Transportation Plan (RTP).

(5) Outside of the funds to local jurisdictions and transit agencies which will be allocated on an ongoing basis, based on revenues generated, the Santa Cruz County Regional Transportation Commission shall allocate Measure Revenues to all other categories of transportation projects and specific capital projects. Capital investments will be made based upon clearly defined project descriptions and limits resulting from the outcomes of environmental analyses, design engineering, and public input, as applicable.

(6) In the event that any agency that is designated funds through the Expenditure Plan is dissolved, the redistribution of funds will be based on the same formulas minus the dissolved agency. New or successor entities that come into existence in Santa Cruz County during the life of the Expenditure Plan, such as incorporation of a new city, merging of agencies, or designation of a new agency as the county Consolidated Transportation Services Agency or transit agency, may be considered as eligible recipients of funds through the amendment process as set forth in the Ordinance.

<p>VOTE YES ON MEASURE E - THE CANNABIS BUSINESS TAX</p> <p>Santa Cruz County voters overwhelmingly approved the Measure K Cannabis Business Tax in 2014 with 77.54% of the vote. Santa Cruz County has a history of supporting State and local laws for the compassionate and safe use of medicinal cannabis by physician's recommendation. Residents have strongly supported safe access to medical cannabis for patients in need.</p> <p>As a result, Santa Cruz County continues to work successfully with neighborhood groups and local industry representatives to create laws allowing cannabis to be responsibly cultivated, distributed, delivered, dispensed, sold, or given away without creating a public nuisance. These laws respect the needs of medical patient and their caregivers, as well as legitimate medical cannabis businesses. They also protect our neighborhoods and land from illegitimate operators who harm our environment and neighborhoods.</p> <p>With the recent changes in State law by the Medical Marijuana Regulatory and Safety Act (MMRSA), the County is seeking to amend the language of Measure K to conform to the new State law, defining "cannabis," "cannabis business," and "medical marijuana business" to be the same as that in MMRSA.</p> <p>The Cannabis Business Tax currently provides general purpose funding for County services including:</p> <ul style="list-style-type: none"> • public health and safety; • fire services; • environmental protection; • animal shelter and community programs; and • financial accountability. <p>Measure E will not change the current tax rate or the purposes for which the tax is used. To encourage the federal and state governments to implement a plan to provide for the safe and affordable distribution of marijuana to all patients in medical need of marijuana. The purposes of this section, ‘primary caregiver’ means the individual designated by the person exempted under this section who has consistently assumed responsibility for the housing, health, or safety of that person.” Classifying “caregivers” as a “Cannabis business” stigmatizes patients’ compassionate use.</p> <p>I’m asking you as a taxpayer, voter, and as a medical marijuana patient who relies on this medicine for pain relief, please vote no on the amendment to the so-called Cannabis business tax because it discriminates against me personally and you too because the law says medical marijuana shouldn’t be taxed just like any other prescription medicine you pick up at your pharmacy has no tax.</p> <p>I filed a lawsuit against the City of Santa Cruz and County of Santa Cruz and the previous election the voters approving the tax means as a medical marijuana patient I’m a member of a political minority group who lacks the political power to overcome unlawful discrimination against me. So even if you hate me because my medicine is marijuana, every vote counts, please vote your conscious, since it helps my lawsuit.</p> <p>Mike Boyd Taxpayer</p>	<p>Measure E simply extends the Cannabis Business Tax, which currently only applies to dispensaries, to all cannabis-related businesses, such as cultivators.</p> <p>It also aligns the definition of cannabis to conform to State law. Impartial analysis of Measure E

Dana McRae, County Counsel

By Jane M. Scott, Assistant County Counsel

If approved by a majority of those voting, this measure will amend three provisions of the existing Cannabis Business Tax which applies to the unincorporated area of the County of Santa Cruz.

In 2014 the voters approved Measure K which enacted the ordinance entitled Cannabis Business Tax. It is codified as Chapter 4.06 of the Santa Cruz County Code.

This measure would adopt an ordinance to amend the language defining "cannabis," "cannabis business," and "medical marijuana business" for purposes of that tax. It would not change the tax rate nor the purposes for which the tax is used.

This measure was placed on the ballot by the Santa Cruz County Board of Supervisors.

Fiscal impact statement Measure E

Edith Driscoll, Auditor-Controller/Treasurer-Tax Collector

Measure E would authorize the County of Santa Cruz to amend Chapter 4.06 of the County Code and revise the definitions of the terms 1) "cannabis" and 2) "cannabis business" or "medical marijuana business". This change will result in all cannabis businesses such as cannabis cultivators, manufacturers, transporters and distributors in the unincorporated areas of Santa Cruz County being subject to the Santa Cruz County Cannabis Business Tax.

Fiscal Effect

This amendment will expand the number of businesses subject to the tax which will result in additional tax revenue being generated.

Use of the Funds

This amendment does not change the purposes for which the tax approved in 2014 may be used. These taxes are considered General County Revenues which are deposited into the County General Fund and kept locally. The funds can be spent on general governmental services currently supplied by the County such as public protection, health services, parks and recreation and other county services.

Accountability

This amendment does not change the Auditor-Controller/Treasurer-Tax Collector's role as tax administrator with authority to examine the books and records of cannabis businesses to verify the accuracy of their Cannabis Business Tax reporting and to authorize assessments for unpaid taxes.
